Welcome to Emerald Coast Technical College –

Your first choice in career education!

On behalf of the faculty, staff, and administration, it is a pleasure to welcome you to Emerald Coast Technical College. ECTC's focus is to offer rigorous postsecondary career / technical education programs that prepare students for meaningful employment and careers. Full-time students find that many of our programs can be completed within one year while also providing effective preparation for significant industry certification and licensure. Serving students from northwest Florida and its beautiful emerald coast to southern Alabama, our professional instructors and staff are here to help ensure that your experiences will be rewarding. We look forward to helping you build a satisfying career, add to your skills portfolio, or just keep up with the skill demands of our ever-changing world. The mission of ECTC is centered on preparing students for meaningful employment and empowering them to meet the demands of an economy that is continuing to develop in a global marketplace. As you eagerly look to your future, look to ECTC to help you prepare for real work and real rewards!

Enroll – Learn – Earn

Charlie Morse

Principal/Director

HISTORY

Begun by the Walton County School District in the 1970's as a career education school offering training in skilled trades to high school students, Emerald Coast Technical College adopted its current name in 2015 to reflect the evolution of the integral role of the college in developing career education opportunities for postsecondary students. In program year 2016-2017, such opportunities range from high skill/high wage career education and industry certification and licensure programs to an adult general education program for persons seeking to achieve a GED or to improve their basic academic skills. Whatever the individual's goals, ECTC provides programs that help students acquire and develop academic and technical skills that lead to a competitive edge in business and industry.

Postsecondary career education programs currently serve students from both Walton County and neighboring counties, including border counties in Alabama. Regulated health sciences programs such as practical nursing, patient care technician, and pharmacy technician are approved by the appropriate regulating agency. Programs in the ever-expanding field of information technology include applied cybersecurity along with networking support services, computer systems and information technology, and web application development and programming. Students wishing to enter the growing field of business, management, and administration will find administrative office specialist and medical administrative specialist programs that not only prepare the student for immediate employment, but also, provide a fast-track to credentialing in commonly used business software. Students completing the rigorous demands of the automotive service technology program are prepared to demonstrate their skills competencies through successful testing for a variety of ASE (Automotive Service Excellence) certifications. Electricity provides the student with a meaningful introduction to the spectrum of skills needed in the industry as well as skills portability through NCCER (National Council on Construction Education and Research) certifications. Air-conditioning, refrigeration, and heating technology can provide the foundation for students who wish to enter this locally and regionally growing occupation. The human services cluster features an intense cosmetology program that can be completed in a calendar year, preparing students for successful employment in this growing field of personal services. Career mobility programs in the State of Florida can assist many ECTC graduates and program completers in meeting their long-term education and career training goals through articulation agreements with state colleges. Qualified high school students, too, can begin preparing for their postsecondary education or for employment through technical dual enrollment options.

In 2015-2016, over 240 students were enrolled in career education programs at Emerald Coast Technical College, earning more than 129,700 clock hours of instruction. Over 80% of the postsecondary students who attended ECTC in 2015-2016 received some form of financial assistance. Small classes, individual attention, programs responsive to both local and national economies, an overall placement rate of 92%, as well as full staff commitment to student achievement, help make this college a first choice for their career education for a growing population of students in the local and surrounding area.

For high school students who meet the rigorous eligibility requirements, the college makes acceleration options available through career/technical (CTE) dual enrollment in postsecondary career education programs that lead to qualifying industry certifications (F.S.1008.44). Students who meet these requirements are eligible to earn both high school credits and postsecondary (PSAV) credits along with industry certifications. Students eligible to participate in technical dual

enrollment also benefit from the exemption of payment of tuition and fees for the PSAV courses taken at ECTC (F.S. 1009.25).

Whether for personal satisfaction or because of career or higher education requirements, students electing to earn a General Equivalency Diploma (GED®) find Emerald Coast Technical College staff are committed to helping them achieve their goal. For school year 2015-2016, students who realized this goal became eligible for participation in the annual graduation ceremony.

As a full partner with industry and the local community, Emerald Coast Technical College makes available to the public a variety of enrichment and introductory courses. Continuing workforce education programs help workers stay informed of new skills required in their respective industries and help them achieve needed certification or credentialing. Community education offers opportunities to explore new topics or gain skills for personal satisfaction. For industry, customized training programs are developed to help area businesses maximize productivity.

PHILOSOPHY AND MISSION

Emerald Coast Technical College is committed to the vision of empowering students and powering the future through the delivery of high-quality, affordable education and training to all persons in the community who are seeking and can benefit from participation in postsecondary career education opportunities, adult education opportunities, and other workforce development and enrichment activities. To this end, the center's mission is:

We prepare and empower today's students to meet the demands of an evolving and competitive global market.

Emerald Coast Technical College further subscribes to the following beliefs:

- All students have equity, access, and opportunities.
- All work has dignity and is a valued tradition of the American way of life.
- Students learn in diverse ways and require a variety of teaching strategies.
- Technological advances in programs are required to meet the changing demands of business and industry.
- Basic skills and high-level academic skills are necessary for a student to compete successfully in the local and global economy.
- Career education should adequately prepare students to secure employment that provides for self-sufficiency or to successfully continue in post-secondary career training endeavors.
- Staff are the most vital resource in providing students with education and training; therefore,
- Professional development is fundamental to growth and on-going delivery of successful educational programs.

Equity/Equal Rights

Emerald Coast Technical College is committed to the concepts of equal opportunity and equity and complies with Florida Statutes regarding non-discrimination. No person shall, on the basis of gender, marital status, sexual orientation, race, religion, national origin, age, or disability, be denied receipt of services, participation in school activities, or access to programs if qualified to receive such services. Any student who believes that he or she has been discriminated against may file a complaint in accordance with the Student Grievance Procedure described in this handbook to the Equity Officer, Walton County Schools, 145 Park Street, DeFuniak Springs, Florida 32435. Emerald Coast Technical College will provide for equitable access to workforce education programs to ensure that impediments related to gender, race, national origin, color, disability, or age do not prevent access for students who wish to participate. Students presenting with disabilities through self-report or through the IEP (Individual Education Plan) process will be provided accommodation as appropriate to help the student achieve success.

PLEDGE of ALLEGIANCE

“Florida Statutes require public schools to encourage greater respect for the government of the United States and its national anthem and flag. Students must recite the Pledge of Allegiance at the beginning of the day. However, a student has the right not to participate in reciting the pledge. Therefore, a student will be excused from reciting the pledge upon receipt of a written request by his or her parent or guardian.” Adult students may make respectful request.

General Information

“Fortune favors the prepared mind...”
—Louis Pasteur

Accreditation and Approvals

Emerald Coast Technical College is accredited by the Commission of the Council on Occupational Education (COE), 7840 Roswell Road, Building 300, Suite 325, Atlanta, Georgia 30350, Telephone: 770-396-3898; FAX: 770-396-3790; (www.council.org), and by AdvancED, Alpharetta, Georgia 30009, Telephone: 888-413-3669; www.advanc-ed.org.

PSAV programs at ECTC are approved for Veterans Benefits by the State Approving Agency, P.O. Box 31003, St. Petersburg, Florida.

Emerald Coast Technical College is eligible to accept the Florida Bright Futures Scholarship and the Florida Prepaid Scholarship Program, and to award the Florida Postsecondary Career Education Student Assistance Grant (FSAG-CE) through the Florida Department of Education Office of Student Financial Assistance. Selected PSAV programs offered by ECTC are approved for Title IV federal financial aid.

Many of the programs at ECTC have received certification or approval specific to the industry. The practical nursing program at Emerald Coast Technical College is approved by the Florida Board of Nursing, 4052 Bald Cypress Way, Tallahassee, Florida 32399. The electricity program provides opportunities for students to earn NCCER (National Center for Construction Education and Research) certifications through the center's approval as an accredited training and education facility (ATEF). The automotive service technology program is certified by the National Automotive Technicians Education Foundation (NATEF). As an education services provider in the Walton County School District, authorized by the Florida Department of Education, the center is approved by the Department of Business and Professional Regulation (DBPR) to offer cosmetology and specialty training programs. Programs offered at Emerald Coast Technical College are approved and regulated by the Florida Department of Education.

Emerald Coast Technical College is an approved regional testing center for Prometric™ Florida Certified Nursing Assistant (CNA) exams and for NATE (North American Technician Excellence) certification exams. The center is also an approved Certipoint® testing center for a variety of information technology certifications and is an authorized Pearson Vue Test Center.

Career Education Completion Certificates

As a non-degree granting institution under the authority of the Florida Department of Education, Division of Career and Adult Education, Emerald Coast Technical College awards certificates of completion in Postsecondary Adult Vocational (PSAV) programs. As provided in 6-A-14.030(6),(9), FAC (Florida Administrative Code), ECTC awards credit in clock hours. Students may earn certificates detailing competency attainment for each of the occupational completion points (OCPs) offered in a program. Occupational completion points correlate to specific standard occupational codes (SOCs) and titles and successful accomplishment may also prepare students for appropriate third-party skills verification through industry certification or licensure. Certificates are issued upon satisfactory attainment of the following criteria:

1. Demonstrated mastery of all program competencies (instructor signature)
2. Documented attendance and participation of student (minimum hours required by licensure or regulatory agency and by ECTC)
3. Participation in an exit interview with the instructor (Program Completion Certificate)
4. Attainment of designated academic skill levels (Program Completion Certificate)
5. Satisfaction of all financial obligations to the school.

Campus Safety

Recognizing that a safe environment contributes significantly to the learning process, Emerald Coast Technical College conducts semi-annual safety inspections of school facility and grounds. Campus security cameras are

positioned at appropriate locations on campus to record campus activities. Security camera recordings are made available to law enforcement as needed.

Exits are clearly marked and exit routes are displayed near office and classroom doorways. Safety drills are conducted throughout the school year and students and staff participate in regular, scheduled emergency drill exercises in order to effectively respond to crisis and potential disaster situations, including inclement weather, tornado, fire and intruder (lockdown) alerts.

Students who witness or are hurt in an accident should notify and/or seek assistance from school staff immediately. Students who experience an accident or emergency requiring medical intervention should report to their instructor, the administrator, or the school secretary/receptionist to facilitate notification of 911 emergency services. When such reporting would cause a delay in needed medical attention, students are reminded to contact 911 emergency services directly.

Fire extinguishers are located and maintained throughout school facilities. Each program area provides appropriate safety equipment and gear. Students should familiarize themselves with program handbooks and follow all prescribed safety measures.

Students are reminded that ECTC badges are an important element of campus safety and security. Student, faculty, and staff badges should be displayed prominently when on campus. Students may be delayed and questioned regarding their business on campus if no student badge is displayed. Students should be issued the required badge when registering for classes each school year. Students will also be issued a badge when enrolling in a new program.

Parking permits provide an additional campus safety measure. Students who drive a vehicle on campus should register the vehicle (including motorcycles) with the secretary/receptionist.

Emerald Coast Technical College compiles an Annual Security and Fire Safety Report. This report is available in student services and summary information is made available through the school website: www.ectc.edu.

CAMPUS SEXUAL VIOLENCE ELIMINATION ACT (CAMPUS SaVE ACT)

Emerald Coast Technical College is committed to maintaining a learning environment that is safe and promotes respect and dignity of students, faculty, and staff. Everyone at ECTC has the responsibility to exercise high ethical principles and standards of conduct.

The Clery Act is a federal law that requires institutions of higher education to provide current and prospective students and employees, the public, and the Department of Education with crime statistics and information about campus crime prevention programs and policies. Among other crimes, the Clery Act requires that colleges and universities report forcible sex offenses including sexual assault and rape. These crime statistics are reported in this catalog. The Clery Act was most recently amended by the Violence Against Women Reauthorization Act of 2013.

ECTC student services provides brochures detailing how to report prohibited conduct, relevant definitions (including “prohibited conduct” and “consent”), recognizing abusive behavior, and tips for escaping a potentially dangerous situation.

This policy addresses student-related concerns of intimate partner and dating violence, stalking, sexual assault, sexual misconduct, and sexual harassment, which are all prohibited on this campus.

This policy, in addition to the Student Code of Conduct, governs the conduct of all Emerald Coast Technical College students. This policy is intended to address instances of prohibited conduct while respecting the rights of all involved; to comply with the Title IX, Clery Act, and the Campus SaVE Act; and to ensure the safety of the campus. The prohibited conduct refers to incidents that occur on institute’s premises, during institute’s sponsored activity, or at an off institute premises when conduct adversely affects the Institute and/or the pursuit of its objectives.

Each student shall be responsible for his/her conduct from the time of application for admission through the actual completion and/or graduation of his/her program or course.

Confidential services are available for students through the student services department. Off-campus services are also available:

Abuse Hot Line Phone: (800) 962-2873 (Call 24-hours a day)

The following on-line resources are also available to students:

- National Sexual Violence Resource Center – <http://www.nsvrc.org/>
- Men Can Stop Rape – <http://www.mencanstoprape.org/>
- Step Up! A Bystander Intervention Program – <http://stepupprogram.org/>
- Risk Prevention Techniques from RAINN – <https://rainn.org/>

Reporting Prohibited Conduct

When Emerald Coast Technical College receives knowledge alleging Prohibited Conduct, the Technical College will fully investigate each allegation. Victims are not required to participate in an investigation but the Technical College will still fulfill its obligation to investigate to the full extent possible.

Emerald Coast Technical College actively encourages individuals to report violations of this policy. Individuals are not required to report the incident to the local police to receive support services.

Change of Address/Student Information

Students are responsible for notifying Emerald Coast Technical College of any changes to their address, contact information, or identifying information (e.g., change of name). Change of information forms can be obtained in admissions, student services.

Computer Usage/Acceptable Use Policy

Emerald Coast Technical College provides computer usage and Internet access to students through the Walton County School District. Students who wish to benefit from these technology resources must sign an acceptable use agreement as a condition of receiving computer use privileges. Compliance forms are available in the main office or in admissions. Students who are scheduled for computer-based testing must also comply with the acceptable use policy.

Drug Free Schools and Communities Act

Emerald Coast Technical College prohibits the use, possession, or distribution of illicit drugs and alcohol by students or school employees on school property or as part of any school activities. Students and employees should be aware that certain health risks are associated with drug and alcohol use and abuse. Student services is available to provide referral for students and employees who may be able to benefit from drug or alcohol counseling or treatment programs. Such services are available through community agencies in the local area. A listing of community resources is available in student services. In addition to legal sanctions and penalties as prescribed under federal, state and local law for the unlawful possession or distribution of illicit drugs and alcohol, students or employees who violate the controlled substances policy will be subject to appropriate disciplinary actions and sanctions, up to and including, expulsion or termination of employment by ECTC and the Walton County School District.

Emerald Coast Technical College is a tobacco and smoke-free Campus. Smoking (including e-cigarettes) and other tobacco usage (smokeless products/spit and spit-less tobacco) is not permitted on the campus, in parking lots, or in any campus building.

Summary of Reported Crimes on Campus

This annual security report is prepared as part of the annual catalog/student handbook and in compliance with the Federal Student Right-to-Know and Campus Security Act. Crime statistical data is based on information obtained through local police agencies. Reports concerning criminal actions or other emergencies should be directed to the office of the Principal (Building 100).

Federal and Florida laws require that a person designated as a “sexual predator or offender” register with the Florida Department of Law Enforcement. The Florida Department of Law Enforcement (FDLE) is then required to notify the appropriate local law enforcement agency where the predator/offender registrant resides or attends an institution of higher learning. Information regarding sexual predators or sexual offenders attending such institutions may be accessed from local law enforcement agencies, by calling the FDLE hotline (1-888-357-7332), or through the FDLE website: www.fdle.state.fl.us/sexual_predators

Facilities

Emerald Coast Technical College operates one main campus located at 761 North 20th Street in DeFuniak Springs, Florida.

Building 100:

- Administration
- Admissions/Enrollment/Registration/Student Accounts
- Bookkeeping
- Financial Aid
- MIS/Data Entry
- Reception
- Student Services/Counseling
- Plant Manager / Custodial Offices and Storage
- CareerSource®/Workforce Development
- School Bookstore
- Automotive Service Technology Programs and Lab
- Construction Trades Programs: Electricity, Air-Conditioning, Refrigeration, & Heating Technology and Labs
- Information Technology Programs and Lab
- Welding Technologies Program and Lab
- Instructor Offices
- Restrooms
- Staff Lounge

Building 200:

- Human Services Programs (Cosmetology) w/ Lab
- Instructor Offices
- Restrooms

Building 300:

- Adult Education Programs
- Business Programs
- Office
- Testing Lab and Storage
- Restrooms

Building 400:

- Media Center
- Health Sciences Programs
- Health Sciences Labs
- Health Sciences Director's Office
- Health Sciences Instructor Offices
- Restrooms

Portable #1/2/3:

- Postsecondary Student Lounge
- Restroom
- Storage

Food Services

Emerald Coast Technical College does not provide a campus-based food service program. Vending machines are located in the administration building (100). Through the school receptionist, students may also place orders for lunches provided through the Walton High School lunchroom on district scheduled days.

Frequency of Course Offerings

Emerald Coast Technical College makes every effort to offer courses in a manner that will facilitate completion of the student's program within established timeframes. Practical nursing programs are offered in cohort format and provide two or more entry points for students within a 12-month period. Short-term programs are sequenced to maximize the student's opportunity for completion within six to twelve months and are offered at least once per school year. The nature of most career programs and career education instruction at ECTC provides opportunities for full-time students to complete the required sequence of coursework within a one to two year period. Students who elect to attend fewer than 900 clock hours per year may find that the timeframe for program completion is lengthened accordingly. Curriculum for career education programs is updated a minimum of every two years. As programs become daggered for deletion and for discontinued support by the State of Florida Department of Education, ECTC provides for a maximum teachout period of one year so that currently enrolled students may complete their certificates.

Graduation

Students who successfully complete PSAV (career education) and adult education/GED® program requirements are invited to share their success with family and friends by participating in graduation ceremonies. These ceremonies, complete with caps and gowns, are scheduled on the school calendar. Students must notify student services of their intent to participate.

Job Placement and Employment Support Services

Emerald Coast Technical College provides students with access to many job search resources including Internet-based job search tools. Student services and instructional staff offer assistance with employability skills including job application completion, resume writing, interview skills, and job referral/job placement. In addition to placement assistance offered by student services and faculty, assistance is also available free of charge through CareerSource®/Regional Workforce personnel located in Building #100. Students may also access a variety of labor market and referral services online at www.employflorida.com.

High School Students - Technical Dual Enrollment

High school students may apply for admission to selected technical dual enrollment career education programs at Emerald Coast Technical College. Technical dual enrollment programs provide qualified high school students with opportunities to earn postsecondary adult vocational (PSAV) credits as well as high school credits. These programs have explicit requirements, including minimum grade point average and program-specific test scores. The ECTC dual enrollment counselor can provide additional information. Technical dual enrollment requires high school guidance counselor and parent approval.

Lost and Found

Emerald Coast Technical College and the Walton County School District assume no responsibility for lost or stolen articles. Students finding articles should take these to the receptionist/secretary in building 100. Students who have lost an article should report the loss to the receptionist/secretary.(Building 100). Items not claimed by the end of the term may be donated to charitable organizations.

Media Center

Emerald Coast Technical College provides media center services to postsecondary and developmental/adult education students. The media center is available during regularly scheduled school hours and by appointment. The compact media center houses over 1800 volumes including a selection of Accelerated Reader® books and test preparation materials. Videos, CDs, DVDs, print periodicals, and a reference selection are also available to students. Computer and printer access provide expanded and current reference access for students. Current career education program information is maintained in the specific program area.

Parking Privileges

Students who operate a vehicle, including a motorcycle, on campus must observe the following rules:

- All cars must have a parking permit prominently displayed in the vehicle. Student should contact the receptionist/ secretary concerning proper placement of the permit.
- Parking permits are issued by the receptionist/secretary, building 100. Students wishing to purchase a parking permit must present a current copy of the vehicle registration, proof of insurance (insurance card), and the student's driver's license along with the required \$10.00 parking permit fee and completed parking permit request form.
- Students must obey all posted rules and speed limits on campus. Unless otherwise posted, the speed limit on campus is 5 miles per hour.
- Students should park in spaces designated for student parking.
- To provide for student safety, students are not permitted to loiter in parking areas.
- Students should observe all safety precautions, including locking vehicles.
- Students should refrain from playing a radio or other sound equipment in an excessively loud manner.
- Student vehicles may be subject to search by law enforcement officials

Pinning Ceremony

As part of ECTC health sciences program offerings, practical nursing and the patient care technician students who successfully complete program requirements participate in the traditional pinning ceremony as the celebratory finishing point of each program. Family and friends are invited to share in recognizing each student's achievement.

Social Security Numbers

Each student who enrolls in Emerald Coast Technical College is requested to provide his/her social security number for use as student identification in the management information system (MIS) maintained by the school district. A student is not *required* to provide his/her social security number as a condition of enrollment or graduation. A student may satisfy the *requirement* by presenting his/her social security card or a copy of the card at admissions or registration. The student's social security number will be used as a unique identifier in the student's permanent file. A notation will be made in the student's file when the student identification number is not the social security number.

(F.S. 1008.386).

Student Records and Transcripts

Student transcripts are maintained electronically and /or filed in individual student record files in the student services department. Upon request and retrieval, adult students and parents/guardians* have the right to access, inspect, and review their individual student educational record. Adult students are defined as those students 18 years and older OR those students enrolled *only* in postsecondary/adult courses and programs. Such access is available while the records are under the direct custody of an approved school records custodian. Students may request official transcripts through the main office in building 100. Transcripts require a payment of \$5.00 per ordered transcript and are usually processed within ten business days.

Rights of Students And Parents

The rights of students and their parents with respect to education records created, maintained, or used by Emerald Coast Technical College shall be protected in accordance with the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. s. 1232g and the implementing regulations issued pursuant thereto. As a postsecondary institution, with respect to disclosure of a student's personally identifiable information, Emerald Coast Technical College makes every effort to balance the interests of safety and privacy for individual students.

Except for directory information, Emerald Coast Technical College will not release a student's records without written consent of the student (parent if student is under 18 years of age and is *not* enrolled as a postsecondary/adult student only) except in those situations provided by law.

As referenced in the 2016-2017 Code of Student Conduct, Walton County School District and Emerald Coast Technical College have designated the following information as directory information which may be released without student (or parent) consent UNLESS otherwise notified:

- Student name, address, email, and telephone listing
- Date and place of birth
- Dates of attendance
- Student participation in officially recognized activities
- Most recent education agency or institution attended
- Photograph
- Major field of study
- Grade level
- Certificates, degrees, honors, and awards received

Students who do NOT consent to the release of the listed directory information should notify admissions/enrollment services when registering for classes.

***Tip:** Parents who wish to be informed of grades and other academic progress should request that their child who is over eighteen years of age or is enrolled in ONLY postsecondary/adult courses and programs sign a statement releasing such information to the parent(s). Release forms are available in the admissions office. For students who are eighteen years of age and living with parent(s)/guardian(s), such release is not required in order for school personnel to talk with parents.

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

(1) The right to inspect and review the student's education records within 45 days of the day the school receives a request for access.

A student should submit, to the administration, a written request that identifies the record(s) the student wishes to inspect. The ECTC records custodian will make arrangements for access and notify the student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask ECTC to amend a record should write to the ECTC administrator, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If ECTC decides not to amend the record as requested, the school will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to provide written consent before Emerald Coast Technical College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

Emerald Coast Technical College discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the school or Walton County School District in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the ECTC or the Walton County School District has contracted as its agent to provide a service instead of using ECTC or school district employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Walton County School Board, or a person serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the school or the Walton County School District.

Upon request, ECTC may also disclose and/or forward any and all education records, including disciplinary records, without consent, to officials of another school in which a student seeks or intends to enroll. Upon request, ECTC will provide the student a copy of the information disclosed and an opportunity for a hearing. (see above #2.)

ECTC will also disclose student information without consent in the following situations:

- Informing parents if the student is under 21 and has violated any law or ECTC's or Walton County School District's policy concerning the use or possession of alcohol or a controlled substance
- Disclosure to parents if a health or safety emergency involves their son or daughter
- Disclosure to protect the health or safety of students or other individuals. This information may be released to appropriate parties such as law enforcement, public health officials, and trained medical personnel. The period for disclosure is limited to the period of an identified emergency and generally does not provide for a blanket release of personally identifiable information.

Students should be aware that the following list provides a non-exhaustive review of situations that may result in student records being disclosed without permission:

- To comply with requests from the Department of Homeland Security (DHS) and its Immigration and Customs Enforcement Bureau (ICE) in order to comply with the requirement of the Student and Exchange Visitor Information System
- To comply with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act
- To comply with authorized law enforcement units. Investigative reports and other records created and maintained by these law enforcement units are not considered education records subject to FERPA.

Students may wish to review the brochure "Balancing Student Privacy and School Safety: A Guide to the Family Educations and Privacy Act for Colleges and Universities" and /or the Walton County School District Code of Student Conduct with a representative in student services.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-8520

Veterans Services

Emerald Coast Technical College is approved for veterans' benefits by the State Approving Agency. Students who plan to attend Emerald Coast Technical College using their veteran's benefits should contact the financial aid office for assistance in obtaining and filing required VA application forms. Veterans wishing to pursue education under various veterans' benefits programs are also encouraged to use the free counseling services offered by the VA. Emerald Coast Technical College is committed to providing quality support services to veterans and complies with the requirements of the Veterans Administration in implementing and providing educational and training services to veterans.

Students enrolling in programs through veterans benefits are expected to maintain satisfactory progress in their coursework. This performance standard will allow the student to complete training requirements within the number of hours that have been approved by the State Approving Agency. Students not scoring required basic skills levels through TABE testing and who are not eligible for testing exceptions will be provided an additional 300 hours of developmental/remedial skills assistance through the applied academics program. Students who require this assistance should contact the financial aid office to discuss payment options for this service.

A student who is unable to maintain satisfactory academic progress will be placed on academic probation for the month. Veterans not maintaining satisfactory progress beyond two monthly program reports will be terminated for pay purposes. Satisfactory academic progress includes maintaining an acceptable grade point average (GPA) of at least 2.0 on a 4.0 scale. Students should be aware that some programs may require higher numeric grade point averages to remain enrolled. Students who accumulate more than three absences in a monthly reporting period may be placed on probation. Students who have been dismissed/administratively withdrawn for unsatisfactory academic progress may petition the school to be readmitted during the next available enrollment term. With the exception of the practical nursing program, a student may petition for readmission two times. Practical nursing provides for ONE readmission attempt. A student receiving veteran's assistance may be re-certified if there is a reasonable likelihood that he/she will be able to maintain satisfactory progress in the future. The student services department is available to assist students who are having difficulties in meeting program requirements.

Adequate records are maintained to document individual student progress. Students who present appropriate documentation and demonstration of previous education and/or training applicable to the postsecondary career education (PSAV) program will be awarded appropriate credit. The training period will then be decreased proportionately and the Veterans Administration so notified.

Tuition waivers and exemptions may be available for veterans who meet specific criteria. Effective July 1, 2014, an out-of-state fee waiver is available for honorably discharged veterans of the United States Armed Forces, the United States Reserve Forces, or the National Guard who physically reside in the state while enrolled in the school. This waiver is applicable for 110 percent of the required hours of the program for which the student is enrolled. Students who wish to benefit from this provision must present appropriate documentation of their honorable discharge status (usually the DD-214). Students who may be eligible for this or other benefits are encouraged to discuss their situation with the admissions/enrollment advisor.

Effective July 1, 2014, a tuition waiver is available for recipients of a Purple Heart or other combat decoration superior in precedence. This tuition waiver is provided to recipients who meet the following conditions:

- Enrolled full-time, part-time, or in summer school in a career certificate program
- Is currently, and was at the time of the military action that resulted in the awarding of the Purple Heart or other combat decoration superior in precedence, a resident of Florida
- Submit DD-214 form issued at the time of separation from service as a documentation that he student has received a Purple Heart or another combat decoration superior in precedence.

This waiver is applicable for 110 percent of the number of required hours of the certificate program for which the student is enrolled.

Students who may be eligible for this benefit are encouraged to discuss their situation with the admissions/enrollment advisor

Visitors

Emerald Coast Technical College welcomes visitors having legitimate business on campus. To help ensure a safe and orderly learning environment, ALL visitors to the campus MUST report to the reception area in Building 100 and sign in upon arrival. Visitors will be provided the appropriate visitor pass to visit the campus. Visitors should also return to the reception area and sign out when their business on campus is completed. School rules prohibit unauthorized persons (without a visitor's pass) on campus during school hours. Unauthorized person(s) are subject to arrest for trespassing by the Walton County Sheriff's Department.

Finance & Financial Aid

“Until you value yourself, you won’t value your time....Until you value your time, you won’t do anything with it...”

--M. Scott Peck

Fees and Other Costs

Listed fees and costs are provided to assist the student in planning for the financial investment in his/her career education program. Fees and other costs are subject to change without notice and do not represent an all-inclusive list. Students should consult the admissions/enrollment department, the current course schedule, individual program instructor, handbook, or syllabus for current costs and requirements related to individual programs.

Tuition

Tuition fees are based on guidelines established by the Florida Legislature. All fees are subject to change without notice. Contact the admissions and enrollment office for additional information.

Postsecondary Adult Vocational (PSAV)

Emerald Coast Technical College provides postsecondary career education on a clock hour schedule. PSAV programs may vary in length to a maximum of 1800 clock hours. Full-time enrollment in a period may range from 450 /525 clock hours to over 675 clock hours in limited access, cohort-based programs (e.g., practical nursing). PSAV rates for school year 2016-2017 are \$2.88/clock hour for Florida residents. This fee includes: basic tuition (\$2.40), student financial aid fee of 10% (\$.24), capital improvement fee of 5% (\$.12), and a technology fee of 5% (\$.12). Out of state tuition rates are \$11.71/clock hour. This fee includes: basic tuition (\$2.40), out of state fee (\$7.38), student financial aid fee at 10% (\$.97), capital improvement fee at 5% (\$.48), and a technology fee at 5% (\$.48).

Special Note for Bright Futures Scholarship Recipients: The technology fee shall not be included in any award under the Florida Bright Futures Scholarship Program. (s1009.22) Students who anticipate using their Bright Futures Scholarship award to pay a portion of their education costs should discuss alternate ways of paying this required fee when reviewing their financial aid award.

Students who have made two unsuccessful attempts to complete a course may be charged the full cost of instruction upon subsequent enrollment attempts in the same course.

Alabama Border State Tuition

Florida Statute 1009.22(4) allows school districts to implement a differential tuition out-of-state fee for residents in service areas of a bordering state in place of the higher out-of-state tuition rate. For Alabama residents in ECTC's service area, this tuition differential for 2016-2017 is \$.05 per clock hour, or \$7.50 per 150 hour course, or \$2.93/clock hour. Alabama residents should present appropriate identification as an Alabama state resident to benefit from this provision. Such identification can include, but is not limited to, a valid State of Alabama driver's license or voter's registration.

Adult General Education / Developmental

This educational service is provided for a block tuition rate of \$30.00 per adult general education program term of enrollment, for a maximum tuition fee assessment of \$90.00 per school year (s.1009.22F.S.). Fees are not prorated. Adult general education terms are offered three times per school year and provide for open enrollment/open exit. Students may enroll at any time after the term begins and until the last week of the term. Developmental programs are not eligible for Title IV Financial Aid.

➤ Adult Basic Education (ABE)

Adult basic education provides basic literacy and life skills to adults. Students may enroll in these programs to develop required scores for enrollment into GED®, improve reading, writing, or mathematical skills, or to pursue employment or personal goals. Tuition is assessed at the rate noted for developmental programs. These courses are NOT eligible for Title IV financial aid.

➤ **Applied Academics for Adult Education**

Applied Academics for Adult Education is provided to help prepare the student for successful enrollment into postsecondary education. These courses are NOT eligible for Title IV financial aid.

➤ **General Educational Development – GED® Preparation Program**

GED® Preparation is provided to assist students in obtaining the knowledge and skills necessary to pass the Official GED® Tests and be awarded a State of Florida High School Diploma, as well as to be better prepared for postsecondary education. These courses are NOT eligible for Title IV financial aid.

Dual Enrollment

Dual enrollment students are exempt from the payment of registration, matriculation, and lab fees. Students who participate in dual enrollment are provided books through the Walton County School District. Students may be required to purchase program supply/tool kits and/or personal protective equipment that become the property of the student upon exit from the program. Industry certification and licensure fees that are not included in lab fees are the responsibility of the student. Interested students should see their guidance counselor for more information.

Fee Waivers/Exemptions/Deferrals

Tuition fee exemptions and tuition fee waivers may be available for qualifying students. In general, these exemptions and waivers apply to tuition fees only. Students who meet certain statutory requirements may be eligible for a fee waiver, exemption, or deferral. Documentation of eligibility is required. In addition, Walton County School District employees and immediate family members living in the employee's household and state employees may be eligible for partial tuition fee waiver on a limited, space-available basis. Waivers are subject to certain restrictions and limitations. Students should discuss their individual situation with student services/admissions before completing the registration process. Additional information regarding eligibility for fee waivers, exemptions, and deferrals is available in the financial aid office..

Other Fees and Costs

Registration Fees

A registration fee of \$50.00 is assessed *for each new **program** of enrollment during the school year.* Students enrolling in more than one program during a school year will be assessed the \$50.00 registration fee for each new program of enrollment. The registration fee must be paid before the student can complete the registration process and enroll in the program. The registration fee is non-refundable and is not eligible for deferment or waiver except as provided for in statute and rule. Students returning to the same program of enrollment in 2016-2017 from school year 2015-2016 will be assessed a \$30.00 returning student registration fee for that program. Dual enrollment and adult general education program students are exempt from payment of registration fees.

Students should participate in a free information session / orientation to postsecondary career education before initial registration. This information session/orientation is designed to provide the potential student with information related to program costs, requirements, available financial aid, schedules, admissions procedures, required testing, and available services, including career counseling to assist in appropriate program selection. Students may participate in the orientation session online at www.ectc.edu or in person through student services.

Lab /Supply Fees

Most programs and courses require a lab fee and/or a supply fee to help offset the costs associated with career skills training in PSAV, Community Education, and CWE (Continuing Workforce Education) programs. These fees vary by program and are subject to change. Required lab fees are noted on the student course schedule. Fee exemptions for tuition and lab fees are provided for technical dual enrollment students and for students enrolled in approved apprenticeship programs. (F.S. 1009.25(2)(a)(b); F.S. 1007.27; F.S.446.021). Such fee exemptions are not

applicable for required purchases that become the property of the student; e.g., uniforms, personal supply kits, personal protective equipment).

Lost Book Charge

Students are assessed a fee that equals the actual replacement cost of lost library books. Career dual enrollment students who have been provided textbooks at no charge must pay a fee equal to the cost of textbook replacement for lost or damaged textbooks.

Parking Privileges

Parking privileges are available to students for \$10.00 per school year. Students should present proof of insurance and vehicle registration along with driver's license for issuance of the ECTC parking permit. Parking permits are available from the secretary/receptionist in building 100. Passes are only good for the current school year. New passes are required each school year.

Program Kits/Protective Gear/Uniforms

Program kits, protective gear, and uniforms may be required of students enrolled in many career education programs. Program kits or sets may be purchased in the ECTC bookstore. These kits may include small tools or program-specific gear or items for the individual student to use in skills demonstration courses. Uniforms are mandatory for students who participate in clinical rotations. Uniforms are clothing that readily identifies the student as an Emerald Coast Technical College student at the clinical site. These uniforms and program kits become the property of the student upon purchase.

Returned Check Fee

A dishonored check fee of 10% of the face value of the check, not to exceed \$25.00, may be charged for returned checks to cover processing and handling in the business office. Students who do not make arrangements for successful resolution of returned checks within three days of notification may be administratively withdrawn from class for non-payment when tuition charges are involved.

Transcript Fees

Emerald Coast Technical College assesses a \$5.00 fee for each official transcript requested by the student. Students should complete the transcript request form (available on the website or at the receptionist desk) and submit the required fee. Transcripts are generally processed within ten business days.

Refunds

A full refund (100%) of paid tuition and lab fees for persons who do not enter a PSAV course will be made within 45 days of the student's failure to enter the course/period start date. Withdrawals after the third class meeting for the course will result in no refund of tuition or lab fees. No refund is available for payments related to books, registration, and testing fees. No refunds will be issued for continuing workforce education or community education programs after two class meetings.

Refunds for withdrawals or cancelled classes are issued after all financial obligations of the student to Emerald Coast Technical College have been cleared. For students who have received scholarships or other financial aid (e.g. community based scholarships, institutional scholarships), approved refunds will be made in accordance with the

wishes of the institution initially awarding the financial aid. When a student withdraws and a refund is due, such refunds will be processed by the business office of ECTC and the Walton County School District within 45 days of official withdrawal or class cancellation.

Any credit balances from a period resulting from a change in course scheduling prior to the last day to drop a course will be applied to the current enrollment period. For example, a student who enrolls in administrative office specialist and subsequently withdraws and enrolls in network support services during the drop/add period may have the tuition and fees previously credited to the administrative office specialist program subsequently credited to network support services. Students should discuss such changes with financial aid to determine any potential consequences related to the financial aid award.

Testing Fees

TABE (Tests of Adult Basic Education) testing is computerized for immediate score reporting and is provided on a scheduled basis. The fee for TABE testing is \$25.00 as of the publication date of this catalog. This fee is subject to change. TABE testing is required prior to enrollment into any adult general education/developmental program; e.g., ABE, GED®, applied academics to assist with appropriate program placement.

For students who do not meet specified exceptions, the TABE is required for PSAV/Career Certificate programs that are 450 clock hours or more in length.

The following students are not required to take the TABE in order to enroll in PSAV programs:

- Students who present official transcripts documenting an earned and awarded associate's or higher
- Students who present with an official transcript documenting award of a standard high school diploma from an accredited high school in Florida, noting enrollment into ninth (9th) grade in a Florida public high school in the 2003-2004 school year, or any year thereafter
- Students who are serving as active-duty members of any branch of the United States Armed Services.
- Adult students enrolled in registered/ approved apprenticeship programs

Other exemptions may apply. Students enrolling in these programs should contact the career counselor in student services to determine if they meet an available exception prior to registering for this test.

Students interested in career dual enrollment provisions at ECTC must meet postsecondary education readiness requirements.

Student should note that some PSAV programs require the TABE as a component of the program selection rubric. Please see student services if you have questions about this requirement.

Students whose TABE scores indicate a need for improvement of basic skills may enroll in the appropriate developmental education program to assist with improving test scores.

The nursing program entrance test (TEAS/ATI) is required of all applicants to the practical nursing program. This test is computerized, providing for immediate score reporting. The fee for the TEAS test is \$65.00 as of the publication date of this catalog.

CareerScope® is a computerized interest and aptitude inventory. This test is provided at no charge to assist the student in assessing possible career goals. Students should schedule the assessment through testing/student services.

MyCareerShines is a comprehensive education and career planning system that can help students succeed in the increasingly competitive global economy. Students can explore and learn about their personal aptitudes and interests, discover the many options and opportunities for their future, and gain access to the information and tools to achieve their goals. Students are encouraged to use this free service to plan for their education, prepare for employment. The career counselor in student services can assist students in using this tool before selecting their career program, after enrolling, and as preparation for employment at the conclusion of their training program. MyCareerShines can be accessed at : <https://www.floridashines.org/find-a-career/mycareershines>.

Licensure/Industry Certification/Credential Fees are specific to each career education program. Career education programs at ECTC prepare students for entry into the workforce and skills upgrade as well as provide a

foundation for continued education. Successful completion of these programs prepares students for appropriate licensure or industry certification/skills verification through independent third party assessment. Specific testing fees for industry certification or licensure may be included in many program/course fees. Students should be prepared to complete the appropriate application and sit for these tests when scheduled. Students who have questions about this service should discuss licensing /certification requirements and arrangements with a representative in student services.

Students wishing to enroll in health sciences programs should be prepared to meet the licensing requirements of the Florida Board of Nursing. Requirements for licensure can be found at: <http://www.floridasnursing.gov/>.

Requirements for licensure as a cosmetologist in the State of Florida can be found at: <http://www.myfloridalicense.com/dbpr/pro/cosmo/>.

Licensure and certification fees vary by program. Most programs require that students test at approved and authorized testing centers. Any listed test fees may change without notice. Emerald Coast Technical College is an approved and authorized testing center for the following:

NATE® (North American Technician Excellence) certification tests represent real working knowledge of HVACR systems and are designed to allow the test-taker to become certified in specific knowledge areas.

NCCER Certification (National Center for Construction Education and Research). Students enrolled in construction trades programs may test for appropriate NCCER certification upon successful course completion. Annual rates for certification(s) vary based on specific test administrations. This fee is assessed with each test administered for the year.

Prometric™ regional testing center for the **Florida CNA** (Certified Nursing Assistant) exam. Fees for this exam vary depending on the type of test requested (written or clinical skills demonstration/English/Spanish/ and student residency for the past five years. Students must register directly with Prometric™ for this exam (www.prometric.com/NurseAide/FL.htm).

Pearson Vue Authorized Test Center

Emerald Coast Technical College is an authorized Pearson Vue Test Center. Pearson Vue provides testing for a variety of certifications, including the GED®. Student who are interested in registering for the GED® should register directly with the GED® testing service at: www.gedtesting.com. Students may also request official GED® transcripts through this web link.

Registered Certiport testing center for **IC³®/GS⁴** certification and **MOS** (Microsoft® Office Specialist). IC³®/GS³ certification cost is \$80.00 plus \$15.00 test set-up fee. This fee may be waived for ECTC students. The cost for MOS exams is \$100.00 per application plus a \$15.00 per test set-up fee. Students are reminded that these fees may change without notice.

Text Books

Textbooks are available for purchase in the school bookstore. Textbook ISBN information is available on the course syllabus to enable students to purchase required textbooks from non-school vendors. Students enrolled in CTE dual enrollment programs are provided appropriate textbooks at no charge through the Walton County School District. Such textbooks remain the property of the Walton County School District.

Estimate of Tuition and Supplies for Student Enrollment Period of 900 Clock Hours

Some programs such as those in the health sciences may require substantially higher investment in hours per term, books, supplies, uniforms, and other costs. The following is listed as an *estimate only* for a non-health sciences PSAV program for one program during a school year. Individual student costs will vary.

| | |
|---|----------|
| Tuition | |
| Florida resident for 900 clock hours | \$2,592 |
| Books, supplies, lab fees | 1,300 |
| | |
| Tuition | |
| Alabama border state resident for 900 clock hours | \$2,637 |
| Books, supplies, lab fees | 1,300 |
| | |
| Tuition | |
| Out of state resident for 900 clock hours | \$10,539 |
| Books, supplies, lab fees | 1,300 |

Recap /Summary of Fees (Note: These fees may change.):

| | |
|--|---|
| Registration Fee | \$ 50.00 (per program of enrollment per school year) |
| Re-Registration Fee | \$30.00 Program continuation in subsequent school year |
| PSAV Tuition: | |
| FL Resident Tuition | \$2.88/clock hour |
| AL Resident Tuition | \$2.93/clock hour |
| Out of State Tuition | \$11.71/clock hour |
| Adult Education / Developmental Programs Block Tuition | \$30.00 per term; maximum \$90.00/year |
| Community Education | Varies/Determined by program offering |
| CWE | Varies – Full Cost of Instruction |
| Lab Fees | Varies/Determined by program |
| Lost Book | Cost of book replacement |
| Parking Fee | \$10.00 |
| Returned Check Fee | 10% of face value not to exceed \$25.00 |
| Supplies | Varies/Determined by program |
| Textbooks | Varies/Determined by program |
| Uniforms | Varies/Determined by program |
| Testing Fees: | |
| MyCareerShines | No Charge |
| CareerScope® | No charge for student planning |
| TEAS | \$65.00 |
| TABE | \$25.00 |
| CNA – Prometric | Charged determined by testing agency |
| NCCER | See Program Handbook |
| IC ³ / GS4 | Per test (includes set-up) estimate: \$80.00 |
| Quickbooks® | 100.00 |
| Microsoft Products | TBA |
| *Set-Up Fees for Certiport® Exams | \$15.00 per test |

Financial Aid

The financial aid policies of Emerald Coast Technical College are crafted using federal and state guidelines and are developed in collaboration with the Walton County School District Finance Director and approved by the Walton County School Board.

Students who are interested in pursuing career education goals through Emerald Coast Technical College are encouraged to discuss their financial aid needs with the office of financial aid. Grants and scholarship funds from a variety of resources can help make it possible for a student to attend courses and complete programs by addressing the student's demonstrated financial need. Many of these resources are available only after submitting an error-free online Free Application for Federal Student Aid (FAFSA). Some funds may be available only during specific application periods, some funds may be limited, and some funds may have specific non-discriminatory requirements. Some financial aid awards do not include fees that are required in addition to the basic tuition rate. These required fees become the responsibility of the student. The office of financial aid can provide additional information regarding financial aid and scholarship opportunities.

Students interested in applying for financial assistance should contact the office of financial aid. The primary responsibility for meeting educational costs is that of the student and the student's family.

Students are encouraged to apply as early as possible and to submit accurate, complete, and error-free applications to meet published deadlines. Financial aid is the term applied to the difference between the total cost of the ECTC education program and the family's expected family contribution (EFC) to the student's education as determined by the FAFSA (Free Application for Federal Student Aid) Student Aid Report (SAR). Household size, number attending college/postsecondary education, income and assets, and residency are among the factors that are considered in establishing the EFC. Students should submit an accurate, error-free FAFSA as soon as possible after January 1 of each year. FAFSA forms are available at www.fafsa.ed.gov. Students should always make a copy of the completed application, ensure that information provided is accurate, and that appropriate signatures are affixed. Students should note that this application is required for all need-based financial aid at ECTC.

After submitting the FAFSA, the student should expect to receive a student aid report (SAR) within a few days. Students should review the report for accuracy as soon as it is received. Any revisions or corrections should be made promptly. Students should complete the ECTC financial aid packet and ensure that stated timelines are followed. During the verification process, students may be required to provide the ECTC Financial Aid Office with a variety of documentation such as income tax returns or tax forms, VA or social security statements confirming benefits, and other relevant information. Students who are applying as non-resident aliens will be required to provide copies of their Alien Registration Cards.

Should a student's financial circumstances change significantly after applying for financial aid, the student should contact the ECTC Financial Aid Office. Such changes as separation or divorce, death of a major wage-earner, uninsured medical expenses, or substantial reduction in income may result in re-evaluation of the student's financial need.

Students are required to notify the ECTC financial aid office if additional scholarships are received. Adjustments to the student's financial aid package may be necessary to ensure compliance with federal, state, and institutional policies and guidelines related to financial aid.

Students' Rights and Responsibilities for Financial Aid

As a student consumer, you have the RIGHT to:

- Be informed of the correct procedures for applying for aid, cost of attendance, types of aid available, how financial need is determined, criteria for awarding aid, how academic progress is determined, and what you have to do to continue receiving aid
- Be informed of the type and amount of assistance you will receive, how much of your need has been met, and how and when you will receive your benefits
- Appeal any decision of the Financial Aid Office with regard to your application.

- View the content in your financial aid file, in accordance with the Family Educational Rights and Privacy Act.
- Know the job description and rate of pay for any student job you accept.

It is your **RESPONSIBILITY** to:

- Complete all application materials correctly and submit them on time.
- Read all materials sent to you from the Financial Aid Office.
- Know and comply with rules governing the aid you receive.
- Provide additional documentation, verification, corrections, and/or new information requested by the Financial Aid Office
- Use financial aid only for expenses related to attending postsecondary education.
- Maintain satisfactory academic progress.
- Notify the Financial Aid Office of any resources not considered during your original need analysis and aid not listed on your award letter. Failure to notify the Financial Aid Office can jeopardize your future financial aid.
- Keep your local and permanent addresses current at the Admissions/Registration office.

Emerald Coast Technical College administers the following financial aid:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Florida Student Assistance Grant (FSAG-CE)
- Florida Work Experience (FWEP)
- Bright Futures
- Rosewood Family Scholarship Program
- Scholarships for Children and Spouses of Deceased or Disabled Veterans and Service Members
- Sengal Awards (Americorps)
- Vocational Rehabilitation
- MyCAA
- Florida Pre-Pay
- ECTC Opportunity Scholarship
- Tri-County Community Council
- CareerSource® Florida
- Individual Business Sponsorships

ECTC does not offer and does not administer student loans.

Federal Financial Aid – Title IV

In order to qualify as an eligible student for federal financial aid, a student must have a high school diploma or its recognized equivalent or be beyond the age of compulsory attendance and meet the criteria for homeschooled students. Students who are dually enrolled in high school and college are not eligible for federal financial aid funds.

Federal financial aid includes the Pell Grant and the FSEOG (Federal Supplemental Educational Opportunity Grant). Students interested in applying for financial aid should complete the Free Application for Federal Student Aid (FAFSA). This application can be accessed online at www.FAFSA.ed.gov. At this time, ECTC is not participating in federal loan programs and Federal Work Study.

ECTC Opportunity Scholarship

A limited number of postsecondary institutional scholarships are made available to eligible career education students each year. During program year 2015-2016 the average award for this financial aid was \$500.00. Students interested in applying for this scholarship should complete the FAFSA at www.fafsa.ed.gov and the ECTC Institutional Scholarship Application. Additional information and application forms for institutional scholarships are provided through the ECTC Office of Financial Aid.

Florida Student Assistance Grant - Career Education (FSAG-CE)

Emerald Coast Technical College participates in special state financial assistance grant funding to students. Students must submit a completed, error-free FAFSA, be a Florida resident and meet other requirements. Please see the financial aid director or financial aid specialist in Student Services for additional information or to apply for this grant. Awards in 2015-2016 ranged from \$200.00 to \$400.00, with an average award of \$300.00

Scholarships

Emerald Coast Technical College is an eligible institution participating in the Florida Bright Futures scholarship program. Bright Futures Scholarship Awards may not be used for some required fees (e.g., technology fees). Initial awards are made through the student's high school and are based on academic scholarship with specific grade point average, SAT/ACT/CPT/PERT and community service hour requirements. The initial award also requires that the student earn a Florida high school diploma or equivalent and be free of any felony convictions (unless the student's civil rights have been restored by the Florida Governor and Cabinet sitting as the Executive Board of Clemency). Continued awards require maintenance of specified GPA requirements. Students receiving the Bright Futures Scholarship Awards should discuss specific terms and requirements of these scholarships with a representative in financial aid.

Local Private Scholarships

Local business and industry and community organizations may provide tuition, books, supplies or other support for eligible postsecondary students enrolled in career education programs. Specific requirements and application deadlines may apply. Please see a representative in the ECTC Financial Aid Office for more information.

Veterans Benefits

Most postsecondary programs at Emerald Coast Technical College are approved for veterans' benefits by the State Approving Agency. Eligible veterans may be certified for training through the Office of Financial Aid. Veterans are reminded that specific attendance and grade attainment are required for continued support. Please see a representative in the Financial Aid Office for more information or for assistance in applying for these benefits.

Vocational Rehabilitation

Florida Department of Education Division of Vocational Rehabilitation may assist eligible students who require occupational training or retraining as part of rehabilitation to secure suitable employment. For additional information, please call 850-833-9114.

CareerSource

Florida residents can access a variety of employment services through www.employflorida.com. Students who reside in Region 2 (Walton and Okaloosa counties) may also be eligible for help in securing information or referral for additional scholarship or grant opportunities for needed occupational skills training or job search assistance. Students who are interested in these services should see a CareerSource representative in building 100 for more information.

Satisfactory Academic Progress

Emerald Coast Technical College offers PSAV (postsecondary adult vocational) career education programs. Students are reminded that grading standards may be higher than that of the approved K-12 system. Students must maintain satisfactory academic progress (SAP) toward completion of their certificate in order to receive financial aid. The following is a non-exhaustive sample listing of areas in which a student in PSAV career education programs may be graded: safety, work habits, projects, class participation, cooperation, attitude, punctuality, attendance (per general and program policy), completion of projects, objective tests, written and oral reports, comprehensive evaluations, skill proficiency/competency, skill demonstration, and professional ethics. Student grades may be reduced due to excessive absences especially in specific licensure programs (e.g., cosmetology, practical nursing), failure to make up missed work, and academic dishonesty (cheating and/or plagiarism). Satisfactory academic progress is evaluated at least twice per year, usually on a course by course basis. Students

should refer to the appropriate program handbook for more detailed information regarding grading and satisfactory academic progress requirements.

The following satisfactory academic progress standards apply to students who receive financial aid:

(1) A student must maintain a 2.0 cumulative grade point average on a 4.0 grading scale on all courses attempted in PSAV programs, including any transfer credit.

The following numeric grading scale is used in calculating grade point average for all students who enroll in PSAV programs at ECTC:

| Health Sciences Human Services (Cosmetology) | | | | All Other PSAV Programs | | | |
|--|----|-----|--|----------------------------|---|-----|--|
| 94 - 100 | A | 4.0 | | 93 - 100 | A | 4.0 | |
| 85 - 93 | B | 3.0 | | 84 - 92 | B | 3.0 | |
| 77 - 84 | C | 2.0 | | 70 - 83 | C | 2.0 | |
| 0 - 76 | F* | 0.0 | | 0 - 69 | F | 0.0 | |
| NG (No Grade) F | | | | NG (No Grade) F | | | |

(2) A student must maintain a successful completion rate on all PSAV courses attempted. This rate must provide for the student to successfully complete the program in a maximum of 150% of the time (clock hours) usually allocated for such successful program completion. This rate of completion is generally 66.67% of program hours each enrollment period. For example, a student enrolled in a 900 clock hour program must complete the program in a maximum of 1350 clock hours. Most programs (exception is practical nursing and some additional allied health programs) will provide for a minimum of 150 clock hours to be earned in a course each semester, and a maximum of 600 clock hours to be earned in a program each semester. Practical nursing usually provides for a maximum of 675 clock hours to be earned in a semester. **Students are reminded that additional time to complete a program may result in the assessment of additional tuition and fees that may not be covered by some financial aid sources.**

Students who are applying for or receiving financial aid should discuss their educational progress and plans with the financial aid office to help ensure that they will complete their programs in a timely manner.

Appeals

Students who do not demonstrate satisfactory academic progress are referred to student services for counseling to determine if there is a reasonable possibility of successful program completion. Students who continue to be unable to demonstrate satisfactory academic / program progress may be placed on academic probation for a minimum of one enrollment term to resolve the unsatisfactory progress or may be recommended for dismissal from the program. Students may receive one replacement grade in a program; i.e., students may re-take a failed course and be awarded the higher grade if achieved. The higher grade is then used in calculating the student's cumulative GPA. ***Students who have left the program due to lack of satisfactory academic progress may re-apply up to two times to the same program, except for practical nursing. After two* unsuccessful attempts in a program in a two year period, the student must submit an appeal to the appeals committee in order to be considered for re-enrollment into a program.*** Students are encouraged to review the handbook of the specific program in which they enroll for additional information.

*The practical nursing program permits only **ONE** re-enrollment attempt in the practical nursing program within the two year period. Students may submit a written appeal. Appeals are reviewed by the program director.

Leave of Absence

Occasionally students find that temporary withdrawal from classes is necessary due to circumstances beyond their control. In order for an adult student to qualify for a leave of absence, the student must apply for the leave of absence prior to the requested time. Students must provide a written, signed and dated request including the reason for the request. Students may request the leave of absence form through the student services office. ECTC may grant the student's leave of absence request if all required paperwork is submitted timely. The number of days in an

approved leave of absence may not exceed 180 days in a 12 month period. A leave of absence can not be used for sporadic absences over a period of time. Students should be in good standing in their program with regards to grades and attendance. If a student does not resume attendance at or before the end of an approved leave, ECTC will treat the student as a withdrawal.

No more than one leave of absence will be granted in an academic term. Veteran's benefits will be terminated and financial aid payments will be reduced for absences that exceed the allocated amounts. Students who wish to return to ECTC at the end of an approved leave of absence may do so without applying for re-admission. Students must notify admissions of the expected date of their intent to return to classes. All requests for leave of absence **MUST** be **APPROVED** by the instructor and a designated **ADMINISTRATOR**. Students who wish to benefit from the leave of absence provision should complete a leave of absence request form and discuss the matter with student services.

Examples of situations that may be approved for a student Leave of Absence include:

- **Hospital confinement for student, spouse, or children**
- **Court appearances**
- **Death in immediate family**
- **Extended illnesses**
- **Birth of a child**
- **Doctor's order**

Return to Title IV Funds Policy (R2T4)

When students who have been awarded Title IV financial aid withdraw from, are administratively withdrawn from, or discontinue attendance in **all** courses **before** completing 60 percent of the hours for the period in which they are enrolled and charged, the student may be required to return a portion of the financial aid received. A Return to Title IV Funds (R2T4) calculation must be performed to determine the amount of unearned funds the student and/or school must return to the appropriate financial aid program. The student is responsible for any unearned funds repayment amounts owed to ECTC. Such amounts must be cleared before the student may re-enroll at ECTC. The unearned portion is calculated based on the percentage of the clock hours the student was scheduled to have completed as of the withdrawal date; i.e., the clock hours scheduled to have been completed is divided by the total clock hours in the term/period. If this calculation yields a result greater than 60%, the student will be considered to have earned the total award (100%). In the event that earned Title IV funds have not been disbursed as of the withdrawal date, the school will credit any outstanding charges for educationally related expenses remaining on the student's account as of the withdrawal date. Prior year charges cannot exceed \$200.00. These charges will be subtracted from the student's post-withdrawal disbursement (PWD) of financial aid. Any remaining funds will be disbursed according to federal requirements. Funds included in the Title IV Return of Funds process include unsubsidized Federal Stafford Loans, Subsidized Federal Stafford Loans, Federal Perkins Loans, Federal PLUS Loans, Federal Pell Grants, Federal Supplemental Educational Opportunity Grants (FSEOG), and other Federal programs/grants. Students who incur liability for return of Title IV funds will be notified by the financial aid department. Students who do not return the required funds within the specified time period (usually 45 days) or enter into a repayment agreement with the U.S. Department of Education, will lose Title IV eligibility. During 2016-2017, Emerald Coast Technical College is participating in the following Title IV Programs:

- Pell Grant
- FSEOG

As determined from attendance records, the withdrawal date used in calculating the portion of unearned financial aid to be returned is the **last day** of attendance in an approved and eligible PSAV career education course at ECTC. Continuing workforce education courses, community education courses, and adult general education/developmental courses are **not** eligible for Title IV assistance and are **not** considered as approved PSAV courses for determining this calculation

Students who are receiving Title IV financial aid should contact the Office of Financial Aid prior to withdrawing or discontinuing any or all courses. Students are encouraged to use available support services to help them achieve successful program completion.

Student Services

“Out of clutter, find simplicity. From discord, find harmony. In the middle of difficulty, lies opportunity....”
--Albert Einstein

Academic and Career Counseling

Advisors are available to help in planning coursework to maximize the student's possibility of benefiting from the educational experience and to assist in planning for successful entry into employment and/or additional education. Student interests, aptitudes, and long-term goals are considered when developing the student's program of study.

Career counseling services are available to students to help in planning and achieving career and academic educational goals. Student services can help students explore possible career options through current labor market information and objective and subjective assessment of student interests, aptitudes, attitudes, and values. By assisting the student in acquiring relevant information, the counselor can help the student make informed career choices. The student services department is also available to help the student gain job search skills as well as job placement.

Students who require additional academic skills preparation to facilitate success in career education programs can benefit from enrollment into developmental programs available at ECTC. Student services can help the student in determining a workable schedule as well as assist in registering students for these services.

The goal of the student services department is a successful learning experience for students enrolled at Emerald Coast Technical College. Along with assisting students with specific academic and career related needs, counselors can assist students in developing skills for successful goal-setting, test-taking, and conflict resolution. Student services may also provide the student with referral for additional services as needed.

Financial Aid Counseling

Financial aid counseling is available to assist students in securing or maintaining financial aid to help meet the costs associated with attending Emerald Coast Technical College. The financial aid office can help students in selecting needed financial assistance for which they may be eligible as well as explaining the requirements of grants and scholarships, satisfactory academic progress, successful completion rate, enrollment periods, and appeals.

Students should contact the financial aid office after enrollment if they have questions about their financial aid award(s) or if they are concerned about meeting the requirements for maintaining financial aid.

Services for Students with Disabilities

ECTC student services is available to assist students with disabilities who self-identify or are identified as requiring accommodations through the IEP (Individual Education Plan) process. Disabilities must be documented in order to secure specific accommodations. Such accommodations may not impact the level of instruction or constitute a fundamental alteration in the nature of the program, but are intended to assist with the delivery of such instruction to facilitate student success. Students may also be referred to the Office of Vocational Rehabilitation or other agencies for collateral support services. As a Walton County School District educational institution, ECTC complies with all applicable local, state, and federal laws in serving the needs of persons with disabilities.

Student Grievance Procedure and Due Process

The following information is provided to students as referenced in the Walton County School District Student Code of Conduct. Students should consult the Student Code of Conduct for additional information. This handbook is available in student services and is available online at www.walton.k12.fl.us and on the ECTC website at www.ectc.edu. A step by step procedure for students wishing to file a grievance is located at the end of this catalog/handbook (page 64). Filed grievances are maintained for a period of seven (7) years from the date of the principal's decision.

“A basic ingredient of due process of law is that one who is not satisfied with a decision may appeal it to a higher authority. Thus, the student may appeal a decision of a teacher to the principal, and the principal's decision to the Superintendent. Before any punishment is issued for a disciplinary referral, the school administrator MUST afford

all students involved in the incident the right to be heard. The decision for the appropriate punishment will be made by the administrator only after gathering all information regarding the incident. The administrator will document that due process was conducted in writing on the referral form and in the notice to the parent/guardian (if applicable).

The WCSD adheres to the guidelines established by the Florida Educational Equity Act. This act requires that each district of public education operate in a way that does not discriminate against students or employees on the basis of race, national origin, sex, disability, or marital status. The Walton County plan for ensuring that these requirements are met has been developed and implemented and approved by the State Department of Education.” –**Walton County School District Student Code of Conduct.**

The Walton County School District Equity Officer may be contacted at: Tivoli Complex, 145 Park Street, Suite 5, DeFuniak Springs, Florida 32435, phone (850) 892-1100.

Testing Information

The following testing services are provided through f ECTC and the ECTC Assessment and Testing Center

MyFloridaShines

MyFloridaShines is a career exploration and planning program available on-line at no cost through the Florida Department of Education. Students are encouraged to consider this resource in planning their career education program.

CareerScope

CareerScope® assessment is available to assist students in their career planning and decision-making. This computerized, objective assessment assists counselors in providing appropriate advisement and proper placement in career education classes offered at ECTC. CareerScope is administered at no charge to the student. Assessment reports are generated upon completion of the assessment. These reports assist the ECTC counselor and provide the student with an interest and aptitude assessment profile. Graphs and explanations, as well as career recommendations that focus on the integration of the test taker’s aptitude and interest profile are available to help in the discussion.

NATE® (North American Technician Excellence)

certification tests represent real working knowledge of HVACR systems and are designed to allow the test-taker to certified in specific knowledge areas.

Nursing Program Entrance Test (TEAS)

Students applying to the practical nursing program must complete the Test of Essential Academic Skills™ - TEAS®. This test is administered through a computerized testing base, providing for immediate score reports. Testing dates and times may vary during the year in order to accommodate student enrollment and registration requirements. Students may register for this test through admissions or student services. Please see the admissions or career counselor in student services for additional information.

GED® Testing

GED® testing services are provided through ECTC as an authorized Pearson Vue Test Center. Students should register for the GED® through the following link: www.gedtestingservice.com. Students may also request official GED® transcripts through this web link.

TABE

Except for those students who meet specific exemptions, TABE testing is **required** for students enrolling in PSAV programs over 450 clock hours in length. Specific grade level exit scores in reading, math, and language are noted for each career education program. See the programs of study section for additional information on these score

levels. Students may enroll in applied academics or other developmental programs such as Adult Basic Education (ABE) if exit scores are not attained in the first testing. Students may register for the TABE by calling 850-892-1240 ext. 5101/ 850-892-1241 or by referral from admissions or student services. The TABE is administered through computer-based testing in order to provide immediate score reports. Testing dates and times may vary during the year in order to accommodate increased student enrollment and registration periods. Students should present two forms of identification when registering for this test and should allow a minimum of three hours for initial testing.

Certiport Testing

Emerald Coast Technical College is a Certiport Testing Center. Students may redeem vouchers for proctored testing in Microsoft Office, IC3/GS3, Quickbooks, ACA and HP certifications.

These tests are not provided on the ECTC campus. Test descriptions are made available for information purposes only. Student services can assist students in registering or in locating available test sites.

PERT (Postsecondary Education Readiness Test)

Emerald Coast Technical Colleges does not administer the PERT. The following is for information purposes only. The PERT is administered by Northwest Florida State College. This test is designed to ensure proper course placement in college programs and is required for first-time in-college students prior to initial registration. High school students wishing to benefit from college credit dual enrollment opportunities should be prepared to meet this requirement. Some exemptions may apply for students who present with college level approved SAT or ACT scores that are less than two years old. Students who need to take the PERT should contact a representative from Northwest Florida State College to schedule this test.

ACT

Emerald Coast Technical College does not administer the ACT. The following is for information purposes only.

- Area high schools usually administer the ACT. However, a student may test at any test center in the United States that is giving the assessment on the National testing date.
- Students who require ACT scores should contact their guidance counselor or other college admissions department as ECTC does not require and does not administer the ACT.
- Registration may be accessed online at www.act.org.

SAT I

Emerald Coast Technical College does not administer the SAT. The following is for information purposes only.

The SAT Reasoning Test is a measure of the critical thinking skills determined as needed for academic success in college. The SAT assesses how well the individual analyzes and solves problems—skills learned in school and needed in college. The SAT is typically taken by high school juniors and seniors. Each section of the SAT is scored on a scale of 200—800, with two writing subscores for multiple-choice and the essay. It is administered seven times a year in the U.S., Puerto Rico, and U.S. Territories, and six times a year overseas

The SAT Reasoning Test (SAT I) includes a Critical Reading, Mathematics, and Writing section, with a specific number of questions related to content. In addition, there is one 25-minute unscored section, known as the variable or equating section. This unscored section may be either a critical reading, mathematics, or writing multiple-choice section. This unscored section does not count toward the final score, but is used to try out new questions for future editions of the SAT and to ensure that scores on new editions of the SAT are comparable to scores on earlier editions of the test. See your career or guidance counselor for more information if you are interested in taking the SAT.

www.employflorida.com

Employflorida.com is an on-line employment resource linking all of Florida's state and local workforce services and resources. Services range from labor market information to job search information, and resume preparation and upload.

www.floridashines.org

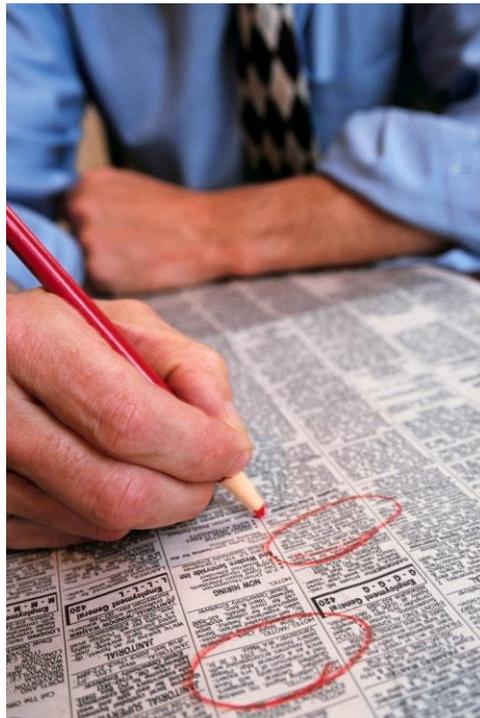

This website offers information on career exploration through personal assessment.

www.testpreview.com

This website provides students with information about many standardized tests as well as practice tests.

ADMISSIONS

... "Without preparation, opportunity is an empty promise...."
--Alan Page, MN Supreme Court Judge

Admissions

Students who have attained the age of 16 years, are beyond the age of compulsory school attendance, and who meet one or more of the following requirements may enroll in most PSAV (Postsecondary Adult Vocational) Certificate programs at Emerald Coast Technical College:

- Valid Standard High School Diploma*
- GED® or other recognized equivalent of a high school diploma (34 CFR 600.2 GEN-14-06)*
- Special Diploma (Specific provisions and restrictions apply.)
- Special Admission Provisions for persons with disabilities 1007.264 F.S.; 1007.265 F.S.(see a counselor for additional details)
- Home educated student who presents an affidavit signed by the student's parent or legal guardian attesting that the student has completed a home education program pursuant to the requirements of F.S. 1002.41
- Dually enrolled student admitted under F.S. 1007.271
- Students who present with previously demonstrated competency in college credit/postsecondary coursework (e.g., A.A. degree)

Note: Students wishing to benefit from PSAV to AAS/AS degree articulation agreements *must* have achieved a standard high school diploma or equivalent *and* must meet specified college requirements.

*Students must provide documentation of the award of the valid standard high school diploma, GED®, or other recognized equivalent of a high school diploma through official transcripts. Until ECTC receives official transcripts indicating the award of the standard high school diploma, GED®, or other recognized equivalent of a high school diploma, the student is admitted on a provisional/conditional basis pending receipt of these transcripts. No financial aid will be disbursed until official transcripts of the valid high school diploma, GED®, or other recognized equivalent of a high school diploma are received.

Students provisionally admitted may enroll in the first course of their PSAV program; however, no federal financial aid will be disbursed to the student until all requirements for admission to ECTC and qualification to receive financial aid are met. Tuition waivers, exemptions, and/or deferrals are not available to students who are admitted under this provision until the student meets the regular admission requirements. Special diplomas and certificates of attendance may be accepted for admission into certain PSAV programs. The special diploma does not meet requirements of the standard high school diploma. In general, students must have achieved a standard high school diploma/GED®, or be beyond the age of compulsory attendance and meet the criteria for homeschooled students in order to access federal financial aid. Students who do not meet criteria for admissions to postsecondary programs or financial aid may wish to enroll in ECTC adult education/developmental programs to earn a GED®. Students are reminded that some PSAV programs at ECTC require the standard high school diploma or GED®/other recognized equivalent of the high school diploma. Students enrolling in the practical nursing program **MUST have achieved a standard high school diploma or GED® and must be 18 years old at the time of the first scheduled clinical rotation.

Students who are enrolling in PSAV programs over 450 hours in length and who do not meet certain exemption requirements should present current TABE scores (less than one year old). Students are required to attain appropriate exit scores before a certificate of program completion can be awarded. Students who are required to take the TABE and who do not attain the program exit scores are encouraged to enroll in the appropriate adult education/ developmental program to help in achieving required exit scores.

Students who meet the following exemptions are not required to take the TABE:

- Submit official transcript of award of a standard high school diploma from an accredited *Florida* high school, reflecting enrollment into ninth grade in an accredited *Florida* high school 2003-2004 school year or later.
- Submit an official transcript of award of an associate's or higher degree from an accredited college/postsecondary education institution
- Submit official documentation verifying achievement of FLDOE approved and specified industry certifications/ licensure. See a representative in student services for additional information.

General Admissions Procedures for Postsecondary Certificate Programs

- Complete Orientation/General Information Session
- Complete *general* application. There is no cost for submitting the general school application. This application informs Admissions that you are interested in attending ECTC.
- Request official transcripts from accredited educational institutions
- Complete *program* application and application requirements for special / limited access programs (e.g. practical nursing, cosmetology)
- Complete appropriate testing (e.g., TABE if no exemption applies; Nurse Entrance Test (TEAS/ATI for practical nursing programs); CareerScope® if requested)
- Contact Admissions
- Meet with counselor/advisor for career counseling if needed.
- Meet with financial aid if needed
- Complete registration for classes; pay registration fees; pay parking fee if needed
- Pay tuition & fees and purchase textbooks and supplies

Limited access programs such as practical nursing and cosmetology require a student interview with career program staff *prior* to admission to the *program*. Waiting lists are maintained for some limited access programs and students may register and enroll only after receiving the appropriate program acceptance letter.

Students are encouraged to meet with program instructors prior to first class attendance. Counselors can advise students regarding “best match” with career education programs and individual student interest and aptitude profile and personal goals. Counselors and teachers can assist students in evaluating job placement possibilities.

Florida Residency

Determination of resident status for tuition purposes is made at the time of initial enrollment. For purposes of establishing residency, initial enrollment means the first day of class. (FS 1009.21(b)). Residency determination criteria are established by Florida statute along with the Florida Board of Education Administrative Rules. Specific criteria are applied in the determination of designation of students as Florida residents, Border state residents, or non-Florida residents for the purpose of fee assessment. In general the student or his/her parents if student is classified as a dependent, must have established and maintained legal residence in Florida for a minimum period of 12 months immediately preceding the initial date of enrollment. Special provisions regarding residency apply to military personnel and to recent high school graduates. The admissions/enrollment office can provide students with additional information on establishing residency and/or out-of-state fee waivers. Students are reminded that providing false information regarding residency is a violation of Florida law and could result in disciplinary action as well as increased tuition assessment.

Transfer Students/Credits

ECTC welcomes students who wish to transfer to the school from other educational institutions. Students who transfer to ECTC should follow the same admissions process in place for all students desiring to enroll at ECTC. Transferring students should meet with a career counselor to help facilitate the transfer process and to help ensure that possible transfer credits are discussed. After filing a school application and any program applications, if applicable, the student should request official transcripts from the school from which he/she is transferring and submit any required testing results. Students whose transcripts indicate that the student was *not* making satisfactory academic progress; whose grade point average was *below* 2.0, and/or whose transcripts indicate that the student was *not* in good standing should discuss their situation with student services. In such cases, the student *may* be placed on academic probation during the first term of enrollment while working toward achieving satisfactory academic progress.

Students who enroll in PSAV programs at Emerald Coast Technical College may be awarded credit toward program completion based on evaluation of official transcripts from educational institutions and/or through competency testing. Career/technical related transfer credit from regionally/nationally accredited institutions may be awarded

based on corresponding course numbers/course content from Florida educational institutions, course content from out of state regionally/nationally accredited institutions, or demonstrated competency through recognized testing agencies or industry certification. In general, students may receive credit ONLY for courses that COMPLETELY fulfill the requirements of the course for which credit is to be granted by ECTC; i.e., no partial course credits are granted. Transfer credit is generally reflected on the transcript as “P,” Pass, credit and is not included in the GPA.

To facilitate appropriate credit transfer or documentation of award of high school diploma, Emerald Coast Technical College may request that international students submit transcripts and documents from foreign institutions to international credential evaluation agencies or organizations for appropriate evaluation. The office of admissions can assist students in locating these services if needed.

Students wishing to transfer between programs at ECTC must meet the requirements of the receiving program; e.g., a student wishing to transfer from the patient care technician program to the practical nursing program must submit appropriate testing results (TABE , TEAS), program application, and complete an interview with the practical nursing program director/instructors. Students who wish to transfer between programs at ECTC should discuss their intent with the admissions/enrollment advisor. Transfers are contingent upon space available as well as meeting the requirements of the receiving program.

Students wishing to transfer between programs offered at Emerald Coast Technical College may transfer a *minimum* of one successfully completed course provided that course numbers are identical. Transferred coursework must be at the same level and competency attainment in order to receive credit in the receiving program. Please see a representative in student services to discuss your situation if this provision applies to you.

Secondary to PSAV Credit Transfer/Articulation

Emerald Coast Technical College may award PSAV credits for high school career education coursework when authorized by articulation agreements with the Walton County School District. Such articulation agreements define specific competency attainment and documented demonstration of skills at the postsecondary level of rigor in addition to general PSAV program admission requirements. Students will usually be required to present the designated industry certification or credential in order to receive PSAV credits. The ECTC career counselor can provide additional information regarding available secondary to PSAV articulation agreements and requirements.

Orientation

Orientation to the career education experience at Emerald Coast Technical College is made available to potential students to facilitate increased student success. An on-line orientation is available to students and provides information to acquaint students with general policies, procedures, functions, and personnel at ECTC. The presentation includes financial aid, the admissions and registration process, available programs, labor market information related to the value of career education for the state and region, and additional information to assist the student in determining suitable enrollment. Face-to-face general orientations are also provided as needed by the student services department. Program orientations are provided by instructors during the beginning weeks of scheduled classes. These program orientations help advise the student regarding specific program requirements and expectations and include: policies, procedures, and general and emergency safety provisions.

Some programs require student attendance at scheduled program orientation sessions. Health sciences programs (e.g., practical nursing, patient care technician, pharmacy technician) require that students attend a scheduled orientation session at the beginning of each cohort-based program offering as a condition for program enrollment. The cosmetology program also requires that students participate in a scheduled orientation as a condition of enrollment into the program.

Community Education and Enrichment

Short-term community education and enrichment programs are available to the general community on an as-requested basis throughout the year. No formal admission policies apply; however, students interested in applying for these programs should complete the community education registration forms when submitting the required fee.

Continuing Workforce Education (CWE)

Continuing workforce education programs are made available to the community on an as-needed basis. CWE programs are designed to address the needs of persons who wish to upgrade their skills or to prepare to meet the requirements of an industry certification exam. These programs have varying admissions requirements depending on the offering. See a representative in student services or admissions for more information.

Adult Education/Developmental Academic Skills Programs

Developmental academic skills programs are open-entry, open-exit programs designed to help the individual student acquire a prescribed level of basic skills to meet requirements for enrollment into specific programs or to help the student achieve personal goals. The counselor will assist the student in appropriate course selection. Students may be registered into these programs prior to enrollment into PSAV programs.

Applied Academics for Adult Education

Applied Academics for Adult Education (AAAE) is available to assist students in attaining required exit academic/TABE levels for their selected PSAV career education program. Students may enroll after developing an appropriate program of study with the counselor. Minimum attendance requirements apply.

Adult Basic Education (ABE)

Adult basic education provides basic literacy and life skills to adults. Students may enroll in these programs to develop required scores for enrollment into GED® preparation, to improve reading, writing, or mathematical skills, or to pursue employment or personal goals.

General Admissions Procedures for Technical Dual Enrollment

The purpose of technical dual enrollment is to assist qualified students in achieving relevant industry certifications and postsecondary career technical education credits while also achieving high school credits. Enrollment is available for specific programs only and may be offered at times other than the regular school day. High school students who meet requirements for technical dual enrollment are encouraged to discuss this possibility with their guidance counselor and with the career counselor at ECTC. Students who are participating in technical dual enrollment courses must not be scheduled to graduate *prior to completion* of the dual enrollment course; i.e., high school seniors who wish to participate in technical dual enrollment may not be dual enrolled in a PSAV course that extends beyond the senior's scheduled date of graduation.

Students who wish to be considered for participation in technical dual enrollment should meet eligibility requirements as detailed on the Emerald Coast Technical College CTE Dual Enrollment Admission Form. Such eligibility requirements include:

- Have a cumulative unweighted grade point average (GPA) of 2.5 or above
- Be at least 16 years old and currently enrolled in a Walton County District high school (including Walton Virtual School) and/or registered home educated students enrolled in a program that is in compliance with 1002.41 F.S.
- Be free of disciplinary action in the semester prior to enrollment as well as continue to be free of disciplinary action(s) while enrolled in CTE dual enrollment
- Meet specified postsecondary education readiness scores on the Test of Adult Basic Education (TABE). Students may contact the advisor/career counselor in ECTC's student services to arrange for testing and for program required scores.

- Be pursuing an approved industry certification. Students should contact the ECTC counselor/advisor for industry certifications that currently meet this requirement.
- Students and parents/guardians **MUST** attend a mandatory information session with Emerald Coast Technical College advising staff to review ECTC satisfactory academic progress policies. Students are reminded that they must meet the grading and attendance policy of the ECTC program of enrollment in order to be awarded PSAV credit. Students and parents should review the satisfactory academic progress policies of the specific program of enrollment prior to registration.
- Students must not be schedule to graduate from high school prior to completion of the dual enrollment course in which they are enrolled
- Parents/guardians, students, home school administrative staff, and ECTC staff must sign the CTE Dual Enrollment Admission Form

Articulated Credits / Career Pathways / Career Mobility Programs

Students who successfully complete selected PSAV programs at ECTC may be able to benefit from Florida statewide articulation agreements that apply (articulate) PSAV program completion to Florida community college credits in specific AS/AAS programs. Appropriate industry certifications or other validation mechanisms and/or conditions may also be required. These agreements are subject to change without notice and additional programs may be added throughout the year. Students interested in pursuing specific career pathways should discuss their plans with a counselor in student services. The following provides an example of articulations that are currently available to students enrolled at Emerald Coast Technical College. Additional articulations are available. Students who are interested in these articulation agreements to advance their career education training should discuss their needs with the ECTC career counselor.

| PSAV Program at ECTC | AAS/AS Program Possible Credits |
|---|---|
| Administrative Office Specialist | Office Administration 18 Possible Credits |
| Automotive Service Technology (1800 clock hour program) | Automotive Service Management Technology 19 Possible Credits |
| Medical Administrative Specialist | Office Administration 18 Possible Credits |
| Network Support Services | Computer Engineering Technology 9 Possible Credits |
| Network Support Services | Networking Services Technology 9 Possible Credits |
| Practical Nursing (and L.P.N.) | Minimum 10 college credits in R.N. program upon admission |

Student Activities

“.....You can earn all “A s” and go out and flunk life.....”
--Walker Percy

Student Organizations

Emerald Coast Technical College does not currently offer specific opportunities to participate in career technical student organizations (CTSOs). Students who are interested in participating in CTSOs are encouraged to indicate their interest to their individual instructor or to a representative in student services.

Student Handbook

“Until you value yourself, you won’t value your time. Until you value your time, you won’t do anything with it...”

--M. Scott Peck

Student Rights and Responsibilities

Emerald Coast Technical College is a public postsecondary educational institution. A school of choice, ECTC reserves the right to deny admission to any program. Students who apply for admission to Emerald Coast Technical College agree to comply with current school district and school policies, procedures, and regulations as published in the catalog and handbook, program handbooks, school district code of conduct, and any policy statements and manuals. Instructors take a primary role in reviewing and detailing classroom expectations and requirements. Students enrolled at ECTC are expected to demonstrate conduct appropriate to the mature student who is seeking to achieve skills in a selected trade or profession. Respectful behavior, ethical conduct, personal integrity, and earnest application to learning are among the traditional student traits that are cultivated at ECTC.

Students who are enrolled in any program or course at ECTC are expected to take on full accountability and liability for their actions. Willful destruction of property, violence, harassment and/or intimidation, or disruption of any school activity is not permitted and can result in appropriate civil, criminal, and/or financial penalties.

The following topics provide general information regarding school policies and procedures and expectations for student conduct. Students who are accepted into career education programs should familiarize themselves with their particular career education student handbook as various industries, industry organizations and licensing and credentialing authorities may impose specific requirements for licensure and credentialing.

Students are reminded that the Walton County School District Code of Conduct for students provides for *minimal* acceptable standards of conduct.

Attendance

Career and technical education integrates acquisition of rigorous skill development and work ethics and personal and professional responsibility. Attendance and participation are essential components of career education. To facilitate student success in the industry, each career education program details attendance requirements that correlate with industry and regulatory agency provisions. Students are responsible for familiarizing themselves with these specific requirements. For many programs, **including practical nursing, patient care technician, and cosmetology, these attendance requirements are more stringent than general school attendance requirements.** Students who are unable to meet the attendance and participation requirements of the career education program in which they are enrolled may be administratively withdrawn or dismissed from the program.

Excessive absences and/or tardies in PSAV courses may result in the award of lower grades for work ethics and work habits. Students who accumulate more than 20% absences in scheduled PSAV classes may be administratively withdrawn. Students are reminded that some CTE programs have a much stricter attendance policy regarding absenteeism. Students who receive financial aid should be aware that administrative withdrawal as a consequence of excessive absences prior to completing 60% of scheduled classes may result in both loss of financial aid and a requirement to repay a portion of funds previously awarded. Students who believe that attendance may present a problem should discuss their situation with the instructor and with student services. Students who receive financial aid should also discuss their situation with the financial aid director.

Students who are receiving veterans benefits may be withdrawn for failure to meet attendance requirements. Withdrawal may affect the student's veteran's benefits. Students are encouraged to access all available resources through veterans' assistance and ECTC student services to assist them in meeting attendance requirements.

Students enrolled in developmental program/GED preparation will be administratively withdrawn following six (6) consecutive absences. The date of withdrawal will be reflected as the regularly scheduled class day following the last date of attendance. Students who are administratively withdrawn may face delays in re-enrolling if space is not available.

ECTC Student Code of Conduct

Emerald Coast Technical College is dedicated not only to the preparation of students for rewarding and satisfying careers, but also to the development of persons who behave ethically and responsibly. Students are expected to

conduct themselves at all times in a manner that will contribute to the best interest of the school and their career programs and will not infringe on the rights of others. Dress and behavior of students attending ECTC should reflect that of the mature student seeking career preparation, and industry credentialing. Students choosing **not** to follow school rules and regulations as described in this handbook and detailed in the Walton County School District Student Code of Conduct, will receive appropriate disciplinary action in accordance with Emerald Coast Technical College established policies and expectations and the Walton County School District Student Code of Conduct.

The following situations are provided as a broad, non-specific guide for student behavior that may result in disciplinary action:

- Student refusal to follow established rules and regulations (program/school/district)
- Student misconduct that provides for serious negative effects on Emerald Coast Technical College students, staff, and programs
- Student conduct that negatively impacts safety of self, others, or the school
- Student lack of proper adjustment / response to correction

Students should review the Walton County School District Student Code of Conduct available at www.walton.k12.fl.us. Questions related to the Code of Conduct may be directed to instructors, student services or administration.

Student Conduct – General Rules and Regulations

Disciplinary action may result from the following non-exhaustive list of behaviors/offenses:

- Academic dishonesty
- Knowingly furnishing false information to ECTC
- Violation of Walton County School District Acceptable Use Policy regarding computer and technology usage
- Violation of regulations relating to driving or safety on campus
- Harassment or physical or verbal abuse on ECTC campus or at ECTC supervised or sponsored events or at Walton County School District locations
- Theft, willful destruction or damage of school, school district or school district employee property
- Use or sale of unlawful drugs on campus
- Use of alcohol on campus
- Intentional disruption or obstruction of the learning environment or other ECTC activities
- Failure to comply with duly authorized and identified ECTC staff acting in performance of their official duties

Students who commit any of the above offenses may receive verbal admonition or warning, written admonition or warning, probation, suspension, administrative withdrawal/expulsion, or report and complaint to appropriate civil authorities.

As required in 1006.147, F.S., Emerald Coast Technical College prohibits bullying and harassment including “the use of data or computer software that is accessed at a non-school-related location, function, or program or through the use of technology or an electronic device that is not owned, leased, or used by the school district, if the bullying substantially interferes with or limits the victim’s ability to participate in or benefit from the services, activities, or opportunities offered by a school or substantially disrupts the education process or orderly operation of a school.”

Academic Dishonesty

Students are expected to be individually responsible for their own work and to uphold principles of personal and professional integrity. Academic dishonesty damages the reputation and ethical principles of the student, the student’s career preparation program, and Emerald Coast Technical College. Academic dishonesty will not be tolerated. Cheating, collusion in dishonest behaviors or acts (including obtaining an unfair advantage), plagiarism, and forgery undercuts and weakens the mission, beliefs, and values that Emerald Coast Technical College is committed to uphold and maintain. Students who compromise or attempt to compromise the principle of academic

honesty may be subject to oral admonition, oral or written warning, or disciplinary action including a grade assignment of “F” (failure) in related work; e.g., test, project, skills demonstration, or in the course. Students may also be placed on probation for a minimum of one term following the incident of academic dishonesty or be dismissed from the career education program.

Students who fail to report witnessed acts of academic misconduct will be considered as colluding in the misconduct or academic dishonesty and will be subject to the disciplinary actions noted.

Incidents of academic dishonesty should be reported in complete detail in writing to the instructor or to the administrator. Students involved in an incident of reported academic dishonesty will be notified and the charge will be investigated. At the conclusion of the investigation, the charge of academic dishonesty will be dismissed or the appropriate disciplinary action will be taken.

Copyright Infringement

Unauthorized distribution of copyrighted material, including unauthorized peer –to –peer file sharing, may subject students to civil and criminal liabilities, and will include disciplinary procedure regarding illegal downloading or unauthorized distribution of copyrighted material using the school’s information technology systems.

Alcohol, Drugs, Illegal Substances

Emerald Coast Technical College is committed to providing a safe, effective learning environment. Illegal drugs, alcohol, and other illegal substances are prohibited and not permitted on campus. Students should refer to the Walton County School District Student Code of Conduct for additional information and disciplinary procedures regarding possession and/or participation in school activities while under the influence of alcohol, drugs, or illegal substances.

Cancelled Classes

Students who have enrolled in a class that is subsequently cancelled during the usual drop/add period will be notified as soon as possible. Course schedules will be updated as cancellation information is available. Students whose classes are cancelled may transfer to another class during the usual drop/add period or may withdraw without penalty or charge during the usual drop/add period.

Dropping/Adding Courses

Students enrolled in PSAV courses may drop or add courses without penalty during the scheduled first three days of class each term. Students should discuss their schedule change needs with student services or admissions to ensure that class space is available and that the schedule change is appropriate for the student’s plan of study. Students who are receiving financial aid should discuss schedule changes with the Financial Aid Director prior to making any changes in order to determine the impact of such change on the student’s financial aid award. Students who wish to withdraw completely from ECTC should complete the withdrawal form. A full refund of tuition will be made for complete withdrawals within the scheduled drop/add period. No refund will be made for testing, registration fees, lab fees that have been used, or books or supplies that are not sealed in the original package. Schedule adjustments made after the drop/add period may result in additional fees and in forfeiture and /or repayment of any financial aid award.

Incomplete Work

Students who are unable to complete usual class assignments during the scheduled term may receive an “I” as an indication of the incomplete work. Students have a period of ten days in the following term to complete assignments. After ten days, the student may be assigned a grade of “F” indicating failure in the class. Due to the nature of clock-hour scheduling, some courses may be scheduled to be completed within multiple terms; however, class assignments specific to each term of enrollment should be completed by the end date of the term of enrollment. Students who are unable to successfully complete the required competencies in a PSAV class (other than nursing and other allied health occupations) may register and pay for additional time to master these competencies. Additional time is limited to 150% of the hours usually required for program completion. Students who require this provision should discuss their needs with the instructor and with student services/admissions. Students who are receiving financial aid should discuss this need with the Financial Aid Director.

Withdrawing from ECTC

Students who must withdraw from ECTC prior to completion of the term of enrollment or prior to completion of scheduled classes, should notify student services. Students who have received financial aid should also inform the financial aid director in order to discuss possible repayment of financial aid as awarded. Students should complete withdrawal requirements including settling of any financial responsibilities and review of student information to facilitate subsequent requests for student records/transcripts.

Adult Education / Developmental Education Programs

Program: Adult Basic Education (ABE) 9900000 **Total Clock Hours:** Varies

The Adult Basic Education (ABE) Program includes content standards that describe what students should know and be able to do in Mathematics, Language Arts (language, speaking and listening, and writing), and Reading. The content standards serve students by providing basic skills instruction (0.0 – 8.9) and critical thinking skills to prepare students for GED preparation (9.0-12.9), postsecondary education, and employment.

The ABE program provides non-credit courses designed to develop literacy skills necessary to be successful workers, citizens and family members. A student enrolled in the ABE program may be receiving instruction in one or more of the following courses: Mathematics, Language Arts, or Reading.

Tuition: \$30.00 per term. Tuition does not include registration and parking fees that may apply.

Program: GED® Preparation 9900130 **Total Clock Hours:** Varies

The GED® Comprehensive Preparation Program consists of four content-area assessments: Reasoning through Language Arts, Mathematics Reasoning, Science, and Social Studies. The purpose of the program is to prepare students to obtain the knowledge and skills necessary to pass the Official GED® Tests and be awarded a State of Florida High School Diploma and be better prepared for postsecondary education. An additional performance level will certify that the adult student is career and college ready. This program strives to motivate students not only to obtain a GED® diploma, but to continue their education to earn a postsecondary degree, certificate, or industry certification. In order to be enrolled in the Comprehensive course number, students must be receiving concurrent instruction in at least two of the above subject areas.

THE GED® ASSESSMENT

Information on the GED® Assessment and the performance targets and content topics are derived from the Assessment Guide for Educators provided by GED® Testing Service. The manual can be downloaded at <http://gedtestingservice.org>.

Tuition: \$30.00 per term. Tuition does not include registration and parking fees that may apply.

Program: Applied Academics for Adult Education (AAAE) S990001 **Total Clock Hours:** Varies

The purpose of this program is to prepare students for college and future careers. The Applied Academics for Adult Education (AAAE) program is based upon the assessed needs of the individual and the academic and employability requirements related to Florida’s Career and Technical Education (CTE) programs. There have been changes to requirements concerning basic skills remediation for students in career and technical programs. If the student is currently enrolled in a CTE program and meets one of the exemptions in Rule 6A-10.040, FAC, he/she would be able to opt out of the basic skills requirement. However, if the student needs remediation, he/she is eligible for this program.

The AAAE program is a non-graded system. This program is designed for students who have tested at the equivalent of 9th grade and above but lack the required level of basic skills for completion of the CTE program. It is the teacher's responsibility to decide and inform the student of the criteria for demonstrating proficiency in a standard and benchmark. It is not necessary for a student to master 100% of the standards to demonstrate proficiency for the course.

Tuition: \$30.00 per term. Tuition does not include registration and parking fees that may apply.

Students are encouraged to contact the student services department or program instructor for assistance in planning a personalized program of study.

My Goal: _____

**Program of Study
Air Conditioning, Refrigeration and Heating Technology 1**

| | | |
|---|--|--|
| Program # C400100 | CIP: 0647.020107 | TABE Exit Scores (A Level): |
| 750 Clock Hours/approximately 35 weeks | Certifications: EPA; NATEX (See program handbook for specializations) | Reading: 9 Math: 10 Language: 9 |
| Admission Requirements: Standard Emerald Coast Technical College admission requirements apply. Must be 16 years of age or older. | | |
| Regular registration fees apply. | | |
| Pre-Registration Fees: N/A | | |

The purpose of this program is to prepare students for employment or advanced training in the heating, air conditioning (A/C), and refrigeration and ventilation industry. This program prepares students for employment as A/C, Refrigeration and Heating Helper, A/C, Refrigeration and Heating Mechanic Assistant, A/C, Refrigeration and Heating Mechanic, A/C, Refrigeration and Heating Technician, and Refrigeration Technician (SOC 49-9021). The student should obtain EPA certification prior to leaving school in order to be employed in any job that requires work with refrigerants.

**Program of Study
Patient Care Technician**

| | | |
|---|---|--|
| Program # H170694 | CIP: 0351.390205 | TABE Exit Scores (A Level): |
| 600 Clock Hours /approximately 36weeks | Certifications : CNA; Certified Patient Care Technician (CPCT) | Reading: 10 Math: 10 Language: 10 |

LIMITED ACCESS PROGRAM – A maximum of 15 students is accepted into each cohort.

Admission Requirements: Standard Emerald Coast Technical College admission requirements apply. Must be 16 years of age or older. Background check, fingerprinting (must be performed by Walton County School District), urine drug screen, and physical, including PPD, TB skin test. Forms and details are available in the health sciences department. Hepatitis B vaccination and student immunization records are required after acceptance. Students must also provide proof of required flu vaccination each fall. Students whose background check/fingerprinting results indicate that the student will not be permitted to complete the clinical portion of the program should not enroll.

Regular registration fees apply.

Pre-Registration Fees (Approximate./Estimated): Background check/Fingerprinting (WCSD): \$75.00 Urine Drug Screen: \$40.00
 PPD/TB Skin Test: \$15.00 Physical (depends upon provider)
 Other Immunizations (depends upon provider)

A current estimated, detailed price list for these services is available in the health sciences department.

Credit Articulations Available for this Program: A student who successfully completes the patient care technician program and who has achieved the C.N.A. certification may articulate 165 clock hours in the ECTC practical nursing program upon admission to the practical nursing program. In addition, students who successfully complete the patient care technician program to the point of patient care assistant, who have achieved C.N.A. certification, and who are admitted to the ECTC practical nursing program, may articulate 165 clock hours to the ECTC practical nursing program. **TIME LIMITS and OTHER RESTRICTIONS APPLY.** See student services for additional details.

The Patient Care Technician Program prepares students for employment as advanced cross trained nursing assistants (patient care technicians). The program includes elements such as planning, management, finance, technical and production skills, underlying principles of technology, labor issues, community issues and health, safety, and environmental issues. More information regarding requirements for certification in this field can be found at <http://www.floridasnursing.gov/>.

Practical Nursing**

| | | |
|--|---|---|
| Program # H170605 | CIP: 0351.390100 | TABE Exit Scores (A Level): |
| 1350 Clock Hours Day program: approximately 45 weeks Evening program: approximately 72 weeks | Certifications : CNA; NCLEX PN (LPN) | Reading: 11 Math: 11 Language: 11 |
| THE ECTC PRACTICAL NURSING PROGRAM IS A COMPETITIVE, . LIMITED ACCESS PROGRAM Two day cohorts are admitted each year. One evening cohort is admitted every other year (odd numbered years). | | |
| <p>Admission Requirements: High School Diploma/GED. Student must be at least 18 years old before first scheduled class clinical. A practical nursing program application is required in addition to the standard ECTC general application. TEAS (ATI) test, background check, fingerprinting (must be performed by Walton County School District), urine drug screen, and physical, including PPD, TB skin test. Forms and details are available in the health sciences department. Hepatitis B vaccination and student immunization records are required after acceptance. Students must also provide proof of required flu vaccination each fall. Students whose background check/fingerprinting results indicate that the student will not be permitted to complete the clinical portion of the program should not enroll.</p> | | |
| REQUIRED FORMS AVAILABLE IN HEALTH SCIENCES DEPARTMENT | | |
| Regular registration fees apply. | TEAS (ATI) Test: \$ 65.00 | Background check/Fingerprinting (WCSD): \$ 75.00 |
| Pre-Registration Fees (Approximate./Estimated): | Urine Drug Screen: \$ 40.00 | PPD/TB Skin Test: \$ 15.00 |
| | Physical (depends upon provider) | Other Immunizations (depends upon provider) |
| A current estimated, detailed price list for these services is available in the health sciences department | | |
| Credit Articulations: A minimum of 10 college credits may be articulated upon successful program completion, attainment of licensure as an L.P.N., and admission to an R.N. program in the State of Florida. Other restrictions and requirements may apply. See student services for additional information. | | |

SPECIAL NOTE: This is a limited access, competitive program. Students must submit required test scores and completed program application with required documents before proceeding to the interview. Students are selected based on a competitive, comparative scoring report (rubric) that includes, but is not limited to: TEAS (ATI) test score, prior education/GPA, previous health care experience, and interview. This program requires that students successfully complete fingerprinting and background check before proceeding to any scheduled clinical experiences. Students whose background check/fingerprinting results indicate that the student will not be permitted to complete the required clinical portion of the program will be administratively withdrawn. Students are expected to register for and take the Florida Practical Nursing licensure examination upon successful completion of the program. Information regarding licensure may be found at: <http://floridasnursing.gov/licensing/>.

The Practical Nursing Program prepares students for employment as licensed practical nurses. The program includes elements such as theoretical instruction and clinical experience in the field of medical-surgical, pediatric, geriatric, and obstetric nursing; theoretical instruction and clinical experience in areas of long and short term facilities; theoretical instruction and clinical application of career education role and function; personal, family, and community health concepts; nutrition and human growth development over the life span; body structure and function; interpersonal relationship skills and mental health concepts; pharmacology and the administration and calculation of medications; legal aspects and current issues in nursing

| Pre-Registration Fees: N/A. | | |

The Computer Systems and Information Technology Program prepares students for employment of advanced training in a variety of occupations in the information technology industry. The program focuses on broad, transferable skills and stresses understanding and demonstration of the following elements of the information technology industry: technical and product skills, underlying principles of technology, planning and management, finance, labor issues, community issues, and health, safety, and environmental issues. This program is a planned sequence of instruction aligned with industry standards. When the recommended sequence is followed, the structure is intended to prepare students to complete the CompTIAA+, Network+, and Security+ industry certifications. Other appropriate certifications may also be available to students who complete the program.

Emerald Coast Technical College Student Grievance Procedure

The purpose of the student grievance procedure is to provide a means to a fair and equitable resolution of any complaint that a student may have with regard to policy, procedure, rules, or regulations of Emerald Coast Technical College. Students are reminded that Emerald Coast Technical College is a public school operated by the Walton County School District and that Walton County School District publishes a Student Code of Conduct each year. Student Grievance procedures are outlined in the Walton County School District Student Code of Conduct and are restated here:

1. Informal: The student should first take a complaint to the person(s) involved and try to solve the problem.
2. If left unresolved: The student/parent must give the principal/director a written and signed grievance. This should describe the problem and give all facts and suggested solutions. This must be given to the principal not more than ten (10) days after the incident occurred. The principal will then render his/her response within three (3) school days when feasible.
3. If the student/parent does not agree with the principal's decision, the grievance, as described in Step 2, may be sent to the Walton County School District Superintendent. This has to be done within three (3) days after the principal's decision. The Superintendent's decision is considered final and will be rendered to the complainant within five (5) days.
4. Filed Student Grievances will be maintained for a period of seven (7) years from date of principal's decision.

No person shall, on the basis of gender, marital status, sexual orientation, race, religion, national origin, age or disability be denied receipt of services, participation in school activities or access to programs if qualified to receive such services. Any student who believes that he or she has been discriminated against may file a complaint with the Student Grievance Procedure described in this Code of Conduct to the Equity Officer, Walton County Schools, 145 Park Street, DeFuniak Springs, Florida 32435.

--Walton County School District Student Code of Conduct

Emerald Coast Technical College is approved for postsecondary public education programs through the Florida Department of Education. The following is current contact information for the Florida Department of Education, Division of Career and Adult Education: <http://www.fldoe.org/academics/career-adult-edu/index.shtml> Emerald Coast Technical College provides programs approved through the Florida Board of Nursing. The following is contact information for the Florida Board of Nursing: <http://floridasnursing.gov/>.
