

BEGINNING: **MARCH 23, 2020** **WCSD FOOD SERVICE** **PROGRAM**

Grab and Go Meal Program

These five sites will provide a grab and go meal in the school's car rider line. You do not have to live in the school zone to receive food at the above sites. If possible, if your school is not a site, please visit the site nearest to you. For example, if your child attends Dune Lakes Elementary, a non-distribution site, you may pick up a meal at Freeport High School, a distribution site. Children must be present in the car to receive a free meal.

Starting Wednesday, March 25th, food distribution will also begin via bus transportation. Over 95 bus stops will be put into place throughout the Walton County School District from 9:00 a.m. – 1:00 p.m. and look similar to our summer routes. Buses will spend 10 minutes at each stop to receive breakfast and lunch at the bus stop instead of visiting school sites. School sites will also remain open as well. More information about your area's routes are to come.

Sites:

Freeport High School

**Maude Saunders
Elementary**

Mossy Head School

Paxton School

Walton Middle School

We may open additional sites as
we can.

Times:
